**Beginning iOS 6 Development** David Mark,Jack Nutting,Jeff LaMarche,Fredrik Olsson,2013-05-30 The team that brought you the bestselling Beginning iPhone Development is back again for Beginning iOS 6 Development bringing this definitive guide up to date with Apple s latest and greatest iOS 6 SDK as well as with the latest version of Xcode There s coverage of brand new technologies with chapters on storyboards and iCloud for example as well as significant updates to existing chapters to bring them in line with all the changes that came with the iOS 6 SDK You ll have everything you need to create your very own apps for the latest iOS devices including the iPhone 4S iPad 2 and the latest iPod touch Every single sample app in the book has been rebuilt from scratch using latest Xcode and the latest 64 bit iOS 6 specific project templates and designed to take advantage of the latest Xcode features Assuming only a minimal working knowledge of Objective C and written in a friendly easy to follow style Beginning iOS 6 Development offers a complete soup to nuts course in iPhone iPad and iPod touch programming The book starts with the basics walking through the process of downloading and installing Xcode and the iOS 6 SDK and then guides you though the

creation of your first simple application. From there you'll learn how to integrate all the interface elements Apple touch users have come to know and love such as buttons, switches, pickers, toolbars and sliders. You'll master a variety of design patterns from the simplest single view to complex hierarchical drill downs. The confusing art of table building will be demystified and you'll learn how to save your data using the iPhone file system. You'll also learn how to save and retrieve your data using a variety of persistence techniques including Core Data and SQLite. And there's much more. You'll learn to draw using Quartz 2D and OpenGL ES, add multitouch gestural support, pinches and swipes to your applications and work with the camera, photo library, accelerometer and built in GPS. You'll discover the fine points of application preferences and learn how to localize your apps for multiple languages. The iOS 6 update to the bestselling and most recommended book for Cocoa touch developers. Packed full of tricks, techniques and enthusiasm for the new SDK from a developer perspective. Written in an accessible, easy to follow style.

**Information Needs of Communities** Steven Waldman, 2011-09

In 2009 a bipartisan Knight Commission found that while the broadband age is enabling an info and commun renaissance local communities in particular are being unevenly served with critical info about local issues. Soon after the Knight Commission delivered its findings the FCC initiated a working group to identify crosscurrent and trend and make recommendations on how the info needs of communities can be met in a broadband world. This report by the FCC Working Group on the Info Needs of Communities addresses the rapidly changing media landscape in a broadband age.

**Crafting and Executing Strategy** Alex Janes, Ciara Sutton, 2017-02-16

This new edition of *Crafting and Executing Strategy* continues to provide a valuable resource for European readers while embracing new and updated core concepts and key theories in strategy. Throughout the text you will find a range of examples that illustrate how strategy works in the real world and encourage the practical application of learning. Complementing the chapters is a section of new cases providing in depth analysis of the challenges of strategic management at a range of companies. This edition includes:

- A new 6Ds framework allowing readers to structure their approach to strategic management around the fundamental elements of the strategy process: Diagnosis, Direction, Decisions and Delivery and the context within which that process is managed.
- Dynamism and Disorder
- Opening cases that begin each chapter and feature real life business scenarios from companies such as Tinder, Ikea and Victorinox.
- Introducing strategic concepts and theories Illustration Capsules which have been updated to illustrate contemporary business concerns and demonstrate how companies have reacted strategically increasing understanding of successful strategies.
- Companies featured include Burberry, TOMS, Aldi, Novo Nordisk and more.
- Key Debates that stimulate classroom discussion and encourage critical analysis.
- Emerging Themes that present contemporary strategic opportunities and issues such as ripple intelligence and technology and new organizational structures.
- A Different View encouraging readers to appreciate differing viewpoints on strategic concepts and theories.

End of chapter cases that capture each chapter's main

theories through engaging cases on companies such as Adidas and Nike Lego and Uber. New recommended reading at the end of each chapter which help to further knowledge including classic texts and advanced reading and author notes providing context. Connect is McGraw Hill Education's learning and teaching environment that improves student performance and outcomes while promoting engagement and comprehension of content. New for this edition are interview style videos featuring author Alex Janes in discussion with business leaders exploring how organizational strategy has developed within companies as diverse as Jeep, Levi Strauss, Novo Nordisk and a prestigious oil and gas company. The videos are provided in full length or in segments with questions aimed at encouraging classroom discussion or self testing. This new edition is available with SmartBook McGraw Hill Education's adaptive digital tool that tests students' knowledge of key concepts and pinpoints the topics on which they need to focus study time. Crafting and Executing Strategy is also available with both The Business Strategy Game and GLO BUS, the world's leading business strategy simulations.

[Creating Business and Corporate Strategy](#)  
Adyl Aliekperov, 2021-06-13  
Businesses need strategies that determine the direction of functioning and further development. If a company deals with several multifaceted businesses each of them subsequently requires their own strategy. The issue of strategy creation and realization is a key factor that must receive the closest possible attention. In order to assure victory and be thoroughly prepared for various directions and situations that may arise, companies create their own unique strategies. This book is primarily aimed at suggesting the necessary repertoire of knowledge and skills for strategy creating with the help of the TASGRAM integrated system. Thinking, Analyzing, Strategy, Goals, Risks, Actions, and Monitoring. The main outcome of TASGRAM is a combined strategic table business strategy, corporate strategy, goals, risks, actions, and monitoring. Each element in TASGRAM has a concrete goal and it helps users become more focused. Creating Business and Corporate Strategy: An Integrated Strategic System offers a new tool for company strategy creation, showcasing various cases and examples based on theory and practice. Unlike the existing tools, the suggested system of strategy creation is simpler and definite. Its main purpose is to help create and further develop the created strategy, making this book especially valuable to researchers, academics, practitioners, and students in the fields of strategy, leadership, and management.
