The Little Book of Morning Routines Krystian Szastok, 2019-12-23 Learn how you can take charge and transform your day through a simple minimum 5 minute morning routine. You will learn new ways to boost your energy in the mornings how to build your morning routine and how to stick to the habit of morning routines. Krystian Szastok has written this book based on his research and practice of morning routines over many years. He has been coached and mentored by extremely successful entrepreneurs and life coaches to maximise his everyday success and bring a mix of self discovery and motivation to your morning. The book doesn't just cover morning routines but also helps you discover your inner calling and add more purpose to your life. These qualities and accomplishments will bring you closer to others in your life and help you grow new relationships. From inside of the book Imagine if you could wake up, get inspired, get some exercise, read, meditate, plan your day, hydrate, have your morning coffee, work on your side projects and send messages to your loved ones all before the majority of the world is even awake. I did all this today as I'm writing this book by waking up at 4am and just doing it. You can accomplish these things too just start waking up 15 minutes earlier than you would usually take small steps. I used to wake up at 7am for a year because that felt like my absolute earliest due to climate. I wasn't functioning well, it was way too hot in Asia for me. Who is this book for? If you're someone who wants to achieve more in your life this book is for you. If you're a freelancer or a business owner and you have a lot of daily responsibilities this book is for you. If you're in a relationship and want to connect better with your partner or if you're currently single this is a book for you. Whatever stage of life you're at or lifestyle you're leading adding morning routines will skyrocket your daily performance.

A Billion-Dollar Morning Routine ARX Reads, Better Organization Using this routine you'll find out how to plan out your day, cut out the distractions and choose what actually deserves your time. More Productivity Make real progress on the projects that really matter. Trade your to do list and begin moving the ball down the sector in important ways. More Money When you're more focused and productive you'll get the important stuff done. This routine has been the key to growing my business.

The Miracle Morning Routine Daily Journal Miracle Journals, 2020-11-14 Miracle Morning Routine JOURNAL Thanks to Hal Elrod and his best selling book The Miracle Morning mornings and lives around the world have been transformed forever. In the book Hal goes into his findings from studying the most successful people's morning routines. He takes note of six different activities many of them do and calls them SAVERS. Many successful people practice at least four of six of these activities but rarely do all six. So what happens if you do all six? That's for you to find out. Drink a glass of cold water then Silence. Meditation. Affirmation. Visualizations. Exercise. Reading. Scribing. The Miracle Morning Routine Journal 1. Silence. Meditation. 10 Minutes. The first thing to do is meditate for 10 minutes. This can be silent meditation or guided meditation. There are a number of documented benefits to meditation but doing this will give you added calm, focus and concentration throughout the day.

The Productive Morning Nicolas Forgue,2018-11-11 The morning is the first moment of the day Every morning is a new day that begins In this day that begins you have the choice to start it well or to start it in bad conditions The productive morning is the first steps of the day from the awakening This productive morning routine is the one that will allow you to do activities

that you enjoy before you even start your work day it's the one that will allow you to see your whole day again by starting on the best possible bases is the one that will allow you to be effective in the morning to attack the rest of the day serenely it is still the one that will offer you a healthy lifestyle that you would not have suspected before The morning can change your daily the morning can change all your days By getting up in the morning and following a routine to start your day by organizing the most difficult tasks from the beginning of the day or by taking habits that will give you energy you organize your day to follow the rhythm that will boost you Too many people leave this moment alone thinking that it does not matter simply because they have not experienced the benefits of a successful morning Too many people destroy part of their day because of a missed awakening Now you have to choose between staying in a difficult morning routine that does not bring you real values added over the rest of your day and even your lifestyle or make the choice to change your life to live better Change your day see your everyday life differently Own in the morning to own your day this is the motto The future belongs to those who get up early as self esteem belongs to those who get up early as success belongs to those who get up early
