Student Loans and the Dynamics of Debt Brad Hershbein, Kevin M. Hollenbeck, 2015-02-23 The papers included in this volume represent the most current research and knowledge available about student loans and repayment It serves as a valuable reference for researchers and policymakers who seek a deeper understanding of how why and which students borrow for their postsecondary education how this borrowing may affect later decisions and what measures can help borrowers repay their loans successfully

Access to Justice in Rural Communities Daniel Newman, Faith Gordon, 2023-05-04 This book offers insight on access to justice from rural areas in internationally comparable contexts to highlight the diversity of experiences within and across rural areas globally It looks at the fundamental questions for people's lives raised by the issue of access to justice as well as the rule of law It highlights a range of social geographic and cultural issues which impact the way rural communities experience the justice system throughout the world with chapters on Australia Canada England Ireland Kenya Northern Ireland South Africa Syria Turkey the USA and Wales Each chapter explores three questions 1 How do people experience the institutions of justice in rural areas and how does this rural experience differ to an urban experience 2 What impact have changes in policy had on the justice system in rural areas and have rural and urban areas been affected in different ways 3 What impact does the law have on people's lives in rural areas and what would rural communities like to be better understood about their experience of the justice system By bringing in the voices and experiences of those who are often ignored or sidelined by justice systems this book will set out an agenda for ensuring social justice in legal systems with a focus on protecting marginalised groups

Reforming American Education from the Bottom to the Top Evans Clinchy, 1999 What kind of school would you run if you didn't have to worry about getting students into college Here some of the nation's most respected and controversial theorists policy makers and practitioners offer their vision of how to prepare children for the incalculable future foreseen by editor Evans Clinchy Their specific methods are diverse and provocative But the basis for their arguments is the same So long as our colleges and universities maintain their constrictive authoritarian and antidemocratic admissions policies and educational practices elementary and secondary schools will necessarily be straightjacketed Only through a thorough and collaborative reform from kindergarten through graduate school can meaningful change take place The ramifications of such radical reform would be enormous yet enticing Deborah Meier suggests that progressive kindergartens not the scholarly disciplines of higher academe should be the model for reinvigorating American education Susan Ohanian and Joe Nathan explore what elementary classrooms might be like if this happened Nel Noddings weighs the pros and cons of a college bound high school curriculum Higher education specialists like William Coplin and Patrick Shannon speculate on how colleges and universities would change to serve the graduates of reformed elementary and secondary schools Nona Lyons considers how teacher training would be transformed And sociologist Alejandro Sanz de Santamaria looks at the impact of education reform on political life These discussions
