**Marketing Strategy for the Arts** Bonita M. Kolb, 2025-11-07 Marketing Strategy for the Arts Third Edition is targeted at students in higher education who plan on working in a creative industry or a cultural organization. Because such companies are talent or values driven, marketing must present a brand image that focuses equally on the producer and the product. The strategy for such a company must not only consider market opportunities but it must also consider the mission and values of the organization. Aimed at students with little or no prior marketing knowledge, this book outlines a step by step framework for effective product marketing. This book will bring together information on strategic planning, market research, goal setting, marketing theory and developing and communicating the competitive advantage and brand image. After reading this third edition, students will be able to construct a strategic marketing plan based on meeting specific organizational goals. Their plan will include detailed objectives and tactics to achieve the strategic vision. This third edition includes additional coverage on how technology and artificial intelligence AI have affected strategy, value creation in a time of rising costs, the need for strategic flexibility due to rapidly changing external conditions and the use of social media data and sentiment to assess consumer behavior and desires.

*Get Rich Without Feeling Burned Out: Sustainable Models For Online Creators* Sybex Books, 2025-06-23 There's no prize for running yourself into the ground. Get Rich Without Feeling Burned Out is a radical shift from the grind obsessed culture of online entrepreneurship. This book offers you a model of digital success rooted in simplicity, boundaries and sustainability where your business supports your life instead of swallowing it. Instead of scaling stress build systems that protect your energy. Instead of over-delivering, refine your offer until it practically sells itself. Instead of chasing content trends, lead with consistency and resonance. This is for the creators who want growth but not at the cost of their nervous system. The service providers who want clients but without overextending every boundary. The course builders and coaches who want freedom but feel stuck in the weeds. Create recurring income without needing to be on 24/7. Design a delivery model that fits your real life, not just your highlight reel. Reclaim time for rest, creativity and joy while your business runs clean, lean and effective in the background. You don't need to do everything. You need to do the right things. Wealth is not reserved for the overwhelmed. It's available to the strategic. You deserve to win without wrecking your wellbeing to get there.
