the book reveals BL's impacts on depictions of same sex desire in Thai media culture and the resultant mainstreaming of queer romance through new forms of celebrity and participatory fandom. The author explores how the rise of BL has transformed contemporary Thai consumer culture leading to heterosexual female fans of male celebrities who perform homoeroticism becoming the main audience to whom Thai pop culture is geared. Through the case study of BL, this book thus also investigates how Thai media is responding to broader regional trends across Asia where the economic potentials of female and queer fans are becoming increasingly important. Baudinette ultimately argues that the center of queer cultural production in Asia has shifted from Japan to Thailand, investigating both the growing international fandom of Thailand's BL series as well as the influence of international investment into the development of these media. The book particularly focuses on specific case studies of the fandom for Thai BL celebrity couples in Thailand, China, the Philippines, and Japan to explore how BL series have transformed each of these national contexts' queer consumer cultures.

The ^AOxford Handbook of the Disney Musical Dominic Broomfield-McHugh, Colleen Montgomery, 2025-03-28. The Oxford Handbook of the Disney Musical both celebrates and critiques one of the most enduring global phenomena and considers many of the studio's most popular animated films as well as Disney's extraordinarily rich activities such as video games, theme parks, and television. By using new insights from the archives and bringing together a range of disciplinary perspectives, the Handbook presents an accessible but rigorous exploration of a century of cultural impact of the Walt Disney Company.
