**Some Famous Women (Classic Reprint)** Louise Creighton, 2017-11-18 Excerpt from Some Famous Women IN this little book I am going to tell you about some of the women who have been famous in the past There are perhaps many names more famous than those I have chosen but it was not always the best women who were the most talked about In the past it was seldom that any woman who was not a royal lady or some great aristocrat became known to the world In the early days of Christianity many women suffered bravely for their faith and later in the convents there were studious nuns who became known for their learning In the account of St Hilda you will read of one of the most famous of these But most women were busy in keeping their houses and had to do many things which no woman would dream of doing now Cloth and linen had to be woven at home simple medicines and ointments were made by the great ladies who had often to act as doctors as well as nurses Only few women had any book learning and it was long before it was thought desirable for a woman to learn to write When good schools were started for boys few people thought it desirable to do anything for the education of girls It was not till the nineteenth century that a change began and that people as a rule began to think that as girls had minds as well as boys it was as well to give them the chance of learning When you read about Mrs Somerville you will see how great was the change in her lifetime No one troubled to teach her when she was a Child but before her death the first colleges for women were founded at Cambridge Joan of Kent is an example of the aimless life led by a great lady in the Middle Ages who was kindly and beloved but did not know how to make her life of use to others Margaret Beaumont was also a great lady and might have spent her days in pleasure but the experiences of her life made her serious and she used her life and her money in the service of others Since their day there have been many great ladies who have been like one or other of these two About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Amara Thornton, 2018-06-25 Archaeologists in Print is a history of popular publishing in archaeology in the nineteenth and twentieth centuries a pivotal period of expansion and development in both archaeology and publishing It examines how British archaeologists produced books and popular periodical articles for a non scholarly audience and explores the rise in archaeologists public visibility Notably it analyses women s experiences in archaeology alongside better known male contemporaries as shown in their books and archives In the background of this narrative is the history of Britain s imperial expansion and contraction and the evolution of modern tourism in the Eastern Mediterranean and Middle East

Archaeologists exploited these factors to gain public and financial support and interest and build and maintain a reading public for their work supported by the seasonal nature of excavation and tourism Reinforcing these publishing activities through personal appearances in the lecture hall exhibition space and site tour and in new media film radio and television archaeologists shaped public understanding of archaeology It was spade work scripted The image of the archaeologist as adventurous explorer of foreign lands part spy part foreigner eternally alluring solidified during this period That legacy continues undimmed today Praise for Archaeologists in Print This beautifully written book will be valued by all kinds of readers you don t need to be an archaeologist to enjoy the contents which take you through different publishing histories of archaeological texts and the authors who wrote them From the productive partnership of travel guide with archaeological interest to the women who feature so often in the history of archaeological publishing via closer analysis of the impact of John Murray Macmillan and Co and Penguin this volume excavates layers of fascinating facts that reveal much of the wider culture of the late nineteenth and twentieth centuries The prose is clear and the stories compulsive Thornton brings to life a cast of people whose passion for their profession lives again in these pages Warning the final chapter on Archaeological Fictions will fill your to be read list with stacks of new titles to investigate This is a highly readable accessible exploration into the dynamic relationships between academic authors publishers and readers It is in addition an exemplar of how academic research can attract a wide general readership as well as a more specialised one a stellar combination of rigorous scholarship with lucid pacy prose Highly recommended Samantha Rayner Director of UCL Centre for Publishing Deputy Head of Department and Director of Studies Department of Information Studies UCL *The Women of the Pleasure Quarter* Elizabeth de Sabato Swinton, Kazuo Edamatsu Campbell, Liza Carihfield Dalby, 1995 Fascinating study of geisha courtesans

kabuki performers as portrayed by masters of Japanese art from 1600 to 1868      Treason ,2019-05-06 The willingness to betray one's country, one's people, one's family to commit treason and forswear loyalty to one entity by giving it to another is a difficult concept for many people to comprehend. Yet societies have grappled with treason for centuries; the motivations, implications, and consequences are rarely clear-cut and are often subjective. Set against the framework of modern political concerns, *Treason: Medieval and Early Modern Adultery, Betrayal, and Shame* considers the various forms of treachery in a variety of sources including literature, historical chronicles, and material culture, creating a complex portrait of the development of this high crime. Larissa Tracy artfully brings together younger critics as well as seasoned scholars in a compelling and topical conversation on treason. Contributors are Frank Battaglia, Dianne Berg, Tina Marie Boyer, Albrecht Classen, Sam Claussen, Freddy C. Dominguez, Melissa Ridley Elmes, Ana Grinberg, Iain A. MacInnes, Inna Matyushina, Sally Shockro, Susan Small, Peter Sposato, Sarah J. Sprouse, Daniel Thomas, and Larissa Tracy.      **Professional Women Upon Their Professions** Margaret Bateson, 1897      **Containing all the classical words and significances commonly known to the learned among the Arabs** ,1885      *American Furniture* Oscar P. Fitzgerald, 2017-12-22 Drawing on the latest scholarship, this comprehensive, lavishly illustrated survey tells the story of the evolution of American furniture from the 17th century to the present. Not viewed in isolation, furniture is placed in its broader cultural, historic, and aesthetic context. The focus is not only on the urban masterpieces of 18th-century William and Mary, Queen Anne, Chippendale, and Federal styles but also on the work of numerous rural cabinetmakers. Special chapters explore Windsor chairs, Shaker and Pennsylvania German furniture, which do not follow the mainstream style progression. Picturesque and anti-classical explain Victorian furniture, including Rococo, Renaissance, and Eastlake. Mission and Arts and Crafts furniture introduce the 20th century. Another chapter identifies the eclectic revivals such as Early American, which dominated the mass market throughout much of the 20th century. After World War II, American designers created many of the Mid-Century Modern icons that are much sought after by collectors today. The rise of studio furniture and furniture as art, which include some of the most creative and imaginative furniture produced in the 20th and 21st centuries, caps the review of four centuries of American furniture. A final chapter advises on how to evaluate the authenticity of both traditional and modern furniture and how to preserve it for posterity. With over 800 photos, including 24 pages of color, this fully illustrated text is the authoritative reference work.      The Publishers Weekly ,1893      *Pamphlets and Reprints* William Warner Bishop, 1929      **Echoes from the Classics** Robert Maynard Leonard, 1914      *The Classical Weekly* ,1926      *The Bookman's Journal and Print Collector* Wilfred Partington, 1919      *The Classical World* ,1907      *The Outlook* ,1925      *A Group of Famous Women: Stories of Their Lives (Classic Reprint)* Edith Horton, 2018-02-02 Excerpt from *A Group of Famous Women: Stories of Their Lives*.
