Western Apache Witchcraft Keith H. Basso, 1971

Western Apache Witchcraft Jack O. Waddell, Keith H. Basso, 1969

The Cibecue Apache Keith H. Basso, 1986-02-01 Cultural anthropologist Keith H Basso 1940 2013 was noted for his long term research of the Western Apaches specifically those from the modern community of Cibecue Arizona the site of his ethnographic and linguistic research for fifty four years One of his earliest works *The Cibecue Apache* has now been read by generations of students It captures the true character of Apache culture not only because of its objective analyses and descriptions but also because of the author's belief in allowing the people to speak for themselves Basso learned their language became a trusted friend and intimate and returned to the field often to gather data participate and observe Basso's goal in this now classic work is to describe Cibecue Apache perceptions experiences conflicts and indecision A primary aim is to depict portions of the Western Apache belief system especially those dealing with the supernatural Emphasis is also given to the girls puberty ceremony its meaning and functions as well as modern Apache economic and political life

Anthropology of Violence and Conflict Bettina Schmidt, Ingo Schröder, 2001 The study of wars in Sarajevo and Sri Lanka as well as numerous less publicised conflicts aim to create a theory of violence as cross culturally applicable as possible This book develops a method of cross cultural analysis

Ancestral Hopi Migrations Patrick D. Lyons, 2003-04-01 Southwestern archaeologists have long speculated about the scale and impact of ancient population movements In *Ancestral Hopi Migrations* Patrick Lyons infers the movement of large numbers of people from the Kayenta and Tusayan regions of northern Arizona to every major river valley in Arizona parts of New Mexico and northern Mexico Building upon earlier studies Lyons uses chemical sourcing of ceramics and analyses of painted pottery designs to distinguish among traces of exchange emulation and migration He demonstrates strong similarities among the pottery traditions of the Kayenta region the Hopi Mesas and the Homol ovi villages near Winslow Arizona Architectural evidence marshaled by Lyons corroborates his conclusion that the inhabitants of Homol ovi were immigrants from the north Placing the Homol ovi case study in a larger context Lyons synthesizes evidence of northern immigrants recovered from sites dating between A D 1250 and 1450 His data support Patricia Crown's contention that the movement of these groups is linked to the origin of the Salado polychromes and further indicate that these immigrants and their descendants were responsible for the production of Roosevelt Red Ware throughout much of the Greater Southwest Offering an innovative juxtaposition of anthropological data bearing on Hopi migrations and oral accounts of the tribe's origin and history Lyons highlights the many points of agreement between these two bodies of knowledge Lyons argues that appreciating the scale of population movement that characterized the late prehistoric period is prerequisite to understanding regional phenomena such as Salado and to illuminating the connections between tribal peoples of the Southwest and their ancestors
