**Dark Tourism in the American West** Jennifer Dawes, 2019-08-12 This edited collection expands scholarly and popular conversations about dark tourism in the American West. The phenomenon of dark tourism traveling to sites of death, suffering, and disaster for entertainment or educational purposes has been described and on occasion criticized for transforming misfortune and catastrophe into commodity. The impulse however continues particularly in the American West a liminal and contested space that resonates with stories of tragedy, violent conflict, and disaster. Contributions here specifically examine the mediation and shaping of these spaces into touristic destinations. The essays examine Western sites of massacre and battle such as Sand Creek Massacre National Historic Site and the Waco Siege sites of imprisonment such as Japanese American internment camps and Alcatraz Island areas devastated by ecological disaster such as Martin's Cove and the Salton Sea and unmediated sites those sites left to the touristic imagination with no interpretation of what occurred there such as the Bennett Arcane camp.

**Kanye West's My Beautiful Dark Twisted Fantasy** Kirk Walker Graves, 2014-06-19 In the first decade of the twenty first century Kanye West created the most compelling body of pop music by an American artist during the period. Having risen from obscurity as a precocious producer through the ranks of Jay Z's Roc A Fella records by the time he released My Beautiful Dark Twisted Fantasy (MBDTF) in late 2010 West had evolved into a master collagist an alchemist capable of transfiguring semi obscure soul samples and indelible beats into a brash and vulnerable new art form. A look at the arc of his career from the heady chipmunk soul exuberance of The College Dropout (2004) to the operatic narcissism of MBDTF tells us about the march of pop music into the digital age and by extension the contradictions that define our cultural epoch. In a cloud based and on demand culture a place of increasing virtualization, loneliness and hyper connectivity West straddles this critical moment as what David Samuels of The Atlantic calls the first true genius of the iPhone era the Mozart of contemporary American music. In the land of taking a selfie honing a personal brand and publicly melting down online Kanye West is the undisputed king. Swallowing the chaos wrought by his public persona and digesting it as a grandiose allegory of self redemption Kanye sublimates his narcissism to paint masterstroke after masterstroke on MBDTF a 69 minute hymn to egotistical excess. Sampling and ventriloquizing the pop music past to tell the story of its future very much a tale of our culture's wish for unfettered digital ubiquity. MBDTF is the album of its era an aesthetic self acquittal and spiritual autobiography of our era's most dynamic artist.

[Variation, Contact, and Reconstruction in the Ancient Indo-European Languages](#), 2022-05-20 The collected papers in this book address an array of important issues in the field of Historical Linguistics and specifically Indo-European Linguistics including different theoretical approaches and innovative methodologies for studying language organization and change building on the strict relationship between Linguistics and Philology. The papers provide significant contributions to the understanding of aspects of variation, contact, and reconstruction reflect a wide range of perspectives and focus on issues and data from a large variety of languages. The

themes that emerge from the papers center around two main research lines 1 the relationship between language facts and historical accidents 2 the relationship between grammatical categories and conceptual representations The book is of interest for any reader seeking to gain insight into the nature of language organization and change
