## **Westirian Plebisciet:**

*The United Nations and the Indonesian Takeover of West Papua, 1962-1969* John Saltford, 2003 This book examines the role of the international community in the handover of the Dutch colony of West Papua Irian Jaya to Indonesia in the 1960s and questions whether or not the West Papuan people ever genuinely exercised the right to self determination guaranteed to them in the UN brokered Dutch Indonesian agreement of 1962 Indonesian Dutch US Soviet Australian and British involvement is discussed but particular emphasis is given to the central part played by the United Nations in the implementation of this agreement As guarantor the UN temporarily took over the territory s administration from the Dutch before transferring control to Indonesia in 1963 After five years of Indonesian rule a UN team returned to West Papua to monitor and endorse a controversial act of self determination that resulted in a unanimous vote by 1022 Papuan representatives to reject independence Despite this the issue is still very much alive today as a crisis hit Indonesia faces continued armed rebellion and growing calls for freedom in West Papua *West-Irian plebisciet* C. H. Schaap, 1969

Papua Bilveer Singh, 2017-09-08 The Papuan conflict has been on the international radar screen since Indonesia became an independent state in 1945 Since the surrender of the territory of Papua to Indonesia in 1962 a low intensity military conflict has been building Most Papuans believed that their right to self determination was sacrificed on the altar of geopolitics Later when East Timor seceded peacefully from Indonesia Papuans expected the same right When this did not happen the conflict intensified In this pivotal work Bilveer Singh examines the history of the Papuan struggle and approaches to conflict resolution through the framework of its geopolitical implications Asserting that the Papuans were treated unjustly by Indonesia and the international community it is not surprising that many have come down squarely on the side of Papuan independence as a way out of the imbroglio While to some extent the Papuan s case cannot be denied definite political and strategic realities should not be ignored Unfortunately for the Papuans their territory has immense geopolitical geostrategic and economic significance not only for Indonesia but also for others such as the United States China Australia and a number of European countries Papua is wealthy under populated and backward in terms of human resource development Its future as a distinct entity is in real danger as the Papuans are becoming the minority in their own homeland Due to the asymmetry of power the Papuans struggle has not made a breakthrough that would force Indonesia to rethink the future of the territory in any fundamental way In order to unravel the dynamics involving Papuan separatism this study describes the Papuan political landscape Singh explains what makes Papua unique and how its makeup has affected the territory s political dynamics He analyzes the emergence of Papua as a geopolitical trophy calling into question the degree to which Papuan nationalism has crystallized Finally he questions whether Papua is emerging as a regional flashpoint and in view of its geopolitical importance the various options available Papua Geopolitics and the Quest for Nationhood will be of interest to scholars of international relations comparative politics of Indonesia and the Asia Pacific and policymaking Cumulative Bibliography
