Bridgit C. Dimond

Westmead Home Safety Checklist:

Handbook of Occupational Therapy for Adults with Physical Disabilities William Sit, Marsha Neville, 2024-06-01
Handbook of Occupational Therapy for Adults With Physical Disabilities by Drs William Sit and Marsha Neville provides quick and essential information for occupational therapists that are new to the adult practice setting This handbook is primarily organized by body system into six sections Occupational performance as a whole Central nervous system Peripheral nervous system cranial nerves and sensory system Musculoskeletal system Cardiovascular lymphatic respiratory and integumentary systems Endocrine digestive urinary and reproductive system At the beginning of each section you will find a case study based on clinical experience that embodies the chapter subject Within each section information is broken down into important aspects of the evaluation process and then followed by the implications of each system on occupational therapy intervention Handbook of Occupational Therapy for Adults With Physical Disabilities also includes a summary chart where readers can quickly and easily find the purpose context form cost and contact information for each assessment Handbook of Occupational Therapy for Adults With Physical Disabilities is ideal for occupational therapy students recent graduates and practitioners who are newly entering an adult physical disability practice setting

Occupational Therapy with Older People Gail Mountain, 2004-08-13 This book is about older people and the contribution occupational therapy can make towards the maintenance of their health and the appropriate provision of rehabilitation and care The aim is to help occupational therapists and those involved in the commissioning of occupational therapy services for older people to target their efforts both sensitively and effectively and to anticipate the demands which will shape service provision in the future The entire work is underpinned by current evidence regarding best practice and opinions voiced by older people during several research projects undertaken by the author The first chapters examine the experience of growing older from both societal and individual perspectives the factors contributing towards vulnerability in older age and the provision of services to meet needs The second part of the book concentrates upon the occupational therapy assessment and treatment processes The final chapter considers the challenges for occupational therapy

Pedretti's Occupational Therapy - E-Book Heidi McHugh Pendleton, Winifred Schultz-Krohn, 2024-03-25 2025 Textbook and Academic Authors Association TAA McGuffey Longevity Award Winner Selected for 2025 Doody's Core Titles with Essential Purchase designation in Occupational Therapy Gain the knowledge and skills you need to treat clients patients with physical disabilities Pedretti's Occupational Therapy Practice Skills for Physical Dysfunction 9th Edition uses a case based approach threaded through each chapter to provide a solid foundation in evaluation intervention and clinical reasoning The text continues to support the entry level occupational therapist and the experienced occupational therapist focused on expanding skills and knowledge With the OT practice framework as a guide you will focus on the core concepts and central goals of client care And by studying threaded case studies you will learn to apply theory to clinical practice Written by a team of expert OT educators and professionals led by

Heidi McHugh Pendleton and Winifred Schultz Krohn this edition includes an eBook free with each new print purchase featuring a fully searchable version of the entire text UNIQUE Threaded case studies begin and are woven through each chapter helping you develop clinical reasoning and decision making skills and to apply concepts to real life clinical practice UNIQUE Ethical Considerations boxes examine the obligation to collaborate with clients on their care using evidence to select treatment options UNIQUE OT Practice Notes convey important tips and insights into professional practice Illustrated evidence based content provides a foundation for practice especially relating to evaluation and intervention Information on prevention rather than simply intervention or treatment shows how OTs can take a proactive role in client care Focus on health promotion and wellness addresses the role of the occupational therapist in what the AOTA has identified as a key practice area Content on cultural and ethnic diversity is included in every chapter reflecting occupational therapy's commitment to this important issue Key terms chapter outlines and chapter objectives highlight the information you can expect to learn from each chapter

Legal Aspects of Occupational Therapy Bridgit C. Dimond, 2011-08-02 Since publication of the original edition in 1996 this book has established itself as an essential text for occupational therapists It offers an understanding of the law relating to their practice but is written to be accessible for those who have no prior legal knowledge The text provides valuable information for occupational therapists employed in health and social services as well as the law relevant to private practitioners The book includes chapters on all the main client groups and presents the relevant specialist law Students and teachers of occupational therapy will find the chapters on professional registration education training and research of particular interest The third edition has been substantially revised to cover significant changes in legislation since the previous version There is also a brand new chapter on the subject of death and dying

Legal Aspects of Occupational Therapy remains a key resource for the occupational therapy student practitioner and service manager

Stepping On: Building Confidence and Reducing Falls 3rd edn Lindy Clemson, Megan Swann, 2019-11-01 The Stepping On program is a community based falls prevention program that shows participants how to reduce falls increase confidence and maintain personal independence Originally developed in Australia based on research and scientifically proven to work the Stepping On program is now internationally recognised as best practice in falls prevention The Stepping On manual is aimed at health workers with a passion for aged care It offers a step by step guide to running the seven week group program plus essential background information Topics covered include understanding the risk of falls identifying home hazards the role of vision in causing and preventing falls staying safe in public places strength and balance exercises and much more The manual includes a guide to useful resources handouts for group participants and suggestions for recruitment and evaluation This new edition has been thoroughly revised and redesigned to incorporate cutting edge research professional feedback and over fifteen years experience of running of the program As well as the latest fall prevention research the revised manual contains an expanded section on working with culturally and linguistically diverse

groups simplified exercises for participants to do at home and new stories and illustrations This is an invaluable manual incorporating the latest evidence for falls prevention in the community Professor Lyn March AM University of Sydney and Royal North Shore Hospital Sydney This new Stepping On manual will be a wonderful resource for many health professionals like myself who work with patients who have had falls and fractures It is definitely my go to resource in our very busy clinic Lillias Nairn North Shore Ryde Health Service A range of handouts and supplementary materials are available for download Please click on the Table of Contents tab for links to download the supplementary materials

Ageing at Home Theresa Cluning, 2001 Chapters cover aged care in the new millennium retrospect and prospect normal ageing holistic care why and how legal and ethical issues cultural issues ageing people giving and receiving care medication and the ageing person and the impact of falls on older people

Measuring Occupational Performance Mary C. Law, Carolyn Manville Baum, Winnie Dunn, 2001 Gives background on measurement concepts and issues and explores the central theoretical concept of occupational therapy occupation and occupational performance outcomes Outlines key actions that occupational therapists must implement when conducting assessments reporting findings and interpreting measurement information for intervention planning Measurement issues and practices are discussed and a framework is provided to guide the choice of assessment tools Measurement in the context of a client centered approach is a central theme Law is affiliated with McMaster University Annotation copyrighted by Book News Inc Portland OR
