What About The Big Stuff:

What About the Big Stuff? Richard Carlson, 2002-10-01 With more than 21 million copies in print Richard Carlson's bestselling Don't Sweat series has shown countless families, lovers, and workers how not to sweat the small stuff. Now in his soothing and wise trademark tone, Carlson takes a different approach and discusses life's bigger issues, including dealing with the death of a loved one, how divorce affects your family and friends, confronting illness whether in yourself or others, and managing difficult financial situations. In chapters such as Bouncing Back from Divorce, Finding Life After Death, and Feel Free to Grieve, Carlson offers healing insight and heartfelt advice on how to find inner peace and strength to deal with the big stuff. Don't sweat the Big Stuff but instead learn from the Big Stuff. Grieve freely. Ask yourself the question: Will this matter a year from now? Reflect on what you're going to want to say before you need to say it. Prepare and let go. **The**

Neumann, 2024-02-02 People typically misunderstand how power works in schools. Common thinking says that things like high stakes testing, school reform efforts, and political mandates exert the most power on schools. The reality, however, is that power comes from everywhere. It isn't a thing that only certain people possess, nor does it operate linearly as in simple actions and reactions. Instead, power acts more like a web: if you exert power in one part of a school, the effects often spread across the rest of it. The usual emphasis on big, easy-to-see influences causes schools to focus on the wrong concerns: the big public ones instead of the ones which make the most impact: the small, daily ones. This book examines everyday phenomena inside schools to reveal the complexity and nuance of power and makes practical suggestions for how schools can manage power more effectively to maximize students' learning. **New York Court of Appeals.
