# What Is Global History

**Sebastian Conrad**

## **What Is Global History:**

*What Is Global History?* Sebastian Conrad, 2017-08-29 The first comprehensive overview of the innovative new discipline of global history Until very recently historians have looked at the past with the tools of the nineteenth century But globalization has fundamentally altered our ways of knowing and it is no longer possible to study nations in isolation or to understand world history as emanating from the West This book reveals why the discipline of global history has emerged as the most dynamic and innovative field in history one that takes the connectedness of the world as its point of departure and that poses a fundamental challenge to the premises and methods of history as we know it What Is Global History provides a comprehensive overview of this exciting new approach to history The book addresses some of the biggest questions the discipline will face in the twenty first century How does global history differ from other interpretations of world history How do we write a global history that is not Eurocentric yet does not fall into the trap of creating new centrisms How can historians compare different societies and establish compatibility across space What are the politics of global history This in depth and accessible book also explores the limits of the new paradigm and even its dangers the question of whom global history should be written for and much more Written by a leading expert in the field What Is Global History shows how by understanding the world's past as an integrated whole historians can remap the terrain of their discipline for our globalized present

*What is Global History?* Pamela Kyle Crossley, 2008-03-03 Global and world history address the deep structural changes that have shaped human experience Many are material related to environmental and climatic alteration to the domestication of livestock and development of agriculture to technology to disease and to variations in human immunity reproduction and physiology Others are social and cultural touching upon issues of migration trade language development and differentiation institutions of enslavement and of freedom traditions of marriage and child rearing the emergence of large scale political organization from early kingdoms to vast empires republics and federations and the management of war and peace To deal with such challenging issues global historians draw upon new techniques of analysis and comparison But they also continue venerable traditions inherited from the earliest civilizations of narrating the past on the most comprehensive and significant scale possible This book examines the long search for an integrated human story and particularly the points at which rapid changes of philosophy and perspective in the twentieth century transformed the historical disciplines It provides the perfect introduction to global history for students and scholars alike

**The Book** F. J. F. Suarez, H. R. Woudhuysen, 2013-10-24 A concise edition of the highly acclaimed Oxford Companion to the Book this book features the 51 articles from the Companion plus 3 brand new chapters in one affordable volume The 54 chapters introduce readers to the fascinating world of book history Including 21 thematic studies on topics such as writing systems the ancient and the medieval book and the economics of print as well as 33 regional and national histories of the book offering a truly global survey of the book around the world the Oxford History of the Book is the most comprehensive work of its kind The

three new articles specially commissioned for this spin off cover censorship copyright and intellectual property and book history in the Caribbean and Bermuda All essays are illustrated throughout with reproductions diagrams and examples of various typographical features Beautifully produced and hugely informative this is a must have for anyone with an interest in book history and the written word **A Global History of Globalization** Andrea Colli,2018-03-22T00:00:00+01:00 The world's history is a history of global events Events which shaped the making of the present If you want to understand the present you need to study history and to study it in depth sorry This book is about the making of today It is a compelling narrative of the origins of all what worries our present instability disequilibrium fear and uncertainty It is the narrative of the fragility but also of the strength of modern civilization so great and so scary so fascinating and so repulsive **Making Sense of Global History** Sølvi Sønner,2001 Historians task has always been to make sense of the world This book presents selected papers dealing with the status of global history cultural contacts between the continents over the centuries the manifold construction and division of time and with the use and misuse of history worldwide **Global History** Noel Cowen,2013-05-09 This short book offers a clear and engaging introduction to the history of humankind from the earliest movements of people to the contemporary epoch of globalization Cowen traces this complex history in a manner which offers both a compelling narrative and an analytical and comparative treatment Drawing on a new perspective on global history he traces the intersection of change in economics politics and human beliefs examining the formation enlargement and limits of human societies Global History shows how much of human history encompasses three intersecting forces trading networks expanding political empires and crusading creeds Abandoning the limits of a Eurocentric view of the world the book offers a number of fresh insights Its periodization embraces movement across continents and across the millennia The indigenous American civilizations are included for instance The book also ranges over the early civilizations of China and Europe as well as the Russian and Islamic worlds Modern American and Japanese civilizations are in addition a focus for attention The author examines national and regional histories in relation to wider themes sequences and global tendencies In conclusion he seeks to address the question of the extent to which a global society is beginning to crystallize **The Key to Understanding Global History** James Killoran,Stuart Zimmer,Mark Jarrett,2007 With this book as your guide you should find global history examinations less difficult and maybe even fun to take The focus of this book is on teaching you how to answer every type of question The first part of the book provides test taking strategies to help make you test wise The second part of the book provides eight content reviews that summarize the main developments of global history There is also an opening chapter that provides some special tools you will need for understanding global history and a closing chapter on current global concerns Finally the book provides you with an opportunity to demonstrate your mastery of global history and to identify any remaining weaknesses for your final review Reading this book and completing all its exercises and tests will prepare you well for global history tests How to use this book **A Global History of History** Daniel Woolf,2011-02-17 An

illustrated survey of global historical scholarship from the ancient world to the present for courses in theory and historiography **The Global History Reader** Bruce Mazlish, Akira Iriye, 2005 Review The Global History Reader is essential reading for all students with an interest in learning more about this definitive new area of historical study **BOOK JACKET Global History, Globally** Sven Beckert, Dominic Sachsenmaier, 2018 In recent years historians in many different parts of the world have sought to transnationalize and globalize their perspectives on the past Despite all these efforts to gain new global historical visions however the debates surrounding this movement have remained rather provincial in scope Global History Globally addresses this lacuna by surveying the state of global history in different world regions Divided into three distinct but tightly interwoven sections the book's chapters provide regional surveys of the practice of global history on all continents review some of the research in four core fields of global history and consider a number of problems that global historians have contended with in their work The authors hail from various world regions and are themselves leading global historians Collectively they provide an unprecedented survey of what today is the most dynamic field in the discipline of history As one of the first books to systematically discuss the international dimensions of global historical scholarship and address a wealth of questions emanating from them Global History Globally is a must read book for all students and scholars of global history Bloomsbury Publishing **Teaching Global History** Alan J. Singer, 2012-04-27 Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world All chapters include lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps High school students responses are woven in throughout Additional material corresponding to each chapter is posted online at [http://people.hofstra.edu/alan\\_j\\_singer](http://people.hofstra.edu/alan_j_singer) The traditional curriculum tends to highlight the Western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions Offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it **A Global History of Modern Historiography** Georg G Iggers, Q. Edward Wang, Supriya Mukherjee, 2013-09-13 So far histories of historiography have concentrated almost exclusively on the West This is the first book to offer a history of modern historiography from a global perspective Tracing the transformation of historical writings over the past two and half centuries the book portrays the transformation of historical writings under the effect of professionalization which served as a model not only for Western but also for much of non Western historical studies At the same time it critically examines the reactions in post modern and post colonial thought to established conceptions of scientific historiography A main theme of the book is how historians in the non Western world not only adopted or adapted

Western ideas but also explored different approaches rooted in their own cultures     **Global History** Sue Ann Kime,Paul Stich,1998-09 Prepares students for commencement level GH G test Correlates with global history and geographic and cultural development core curriculum Motivates with engaging reading writing and critical thinking activities Develops skills with extensive banks of practice multiple choice questions Incorporates intensive practice drills for constructed response thematic essay and document based question DBQ writing tasks Hones student skills with two prototype tests     **Global History with Chinese Characteristics** Manuel Perez-Garcia,2020-11-02 This open access book considers a pivotal era in Chinese history from a global perspective This book s insight into Chinese and international history offers timely and challenging perspectives on initiatives like Chinese characteristics The New Silk Road and One Belt One Road in broad historical context Global History with Chinese Characteristics analyses the feeble state capacity of Qing China questioning the so called High Qing sh ng q ng era s economic prosperity as the political system was set into a power paradox or supremacy dilemma This is a new thesis introduced by the author demonstrating that interventionist states entail weak governance Macao and Marseille as a new case study aims to compare Mediterranean and South China markets to provide new insights into both modern eras rising trade networks non official institutions and interventionist impulses of autocratic states such as China s Qing and Spain s Bourbon empires

### **Global Intellectual History** Samuel Moyn,Andrew

Sartori,2013-06-25 Where do ideas fit into historical accounts that take an expansive global view of human movements and events Teaching scholars of intellectual history to incorporate transnational perspectives into their work while also recommending how to confront the challenges and controversies that may arise this original resource explains the concepts concerns practice and promise of global intellectual history featuring essays by leading scholars on various approaches that are taking shape across the discipline The contributors to Global Intellectual History explore the different ways in which one can think about the production dissemination and circulation of global ideas and ask whether global intellectual history can indeed produce legitimate narratives They discuss how intellectuals and ideas fit within current conceptions of global frames and processes of globalization and proto globalization and they distinguish between ideas of the global and those of the transnational identifying what each contributes to intellectual history A crucial guide this collection sets conceptual coordinates for readers eager to map an emerging area of study

### **The Global History of Childhood Reader** Heidi

Morrison,2013-03-05 The Global History of Childhood Reader provides an essential collection of chapters and articles on the global history of childhood The Reader is structured thematically so as to provide both a representative sampling of the historiography as well as an overview of the key issues of the field such as childhood as a social construct commonalities and differences globally and why the twentieth century was not the century of the child for most of the world s children The Reader is divided into four parts Theories and methodologies of the history of childhood Constructions of childhood in different times and places Children s experiences in different times and places Usage of the past to articulate solutions to

problems facing children today Topics covered include theories and methodologies in the global history of childhood sources for writing a global history of childhood education gender disability race class and religion the individual in history and emotions violence labour and illiteracy With introductions that contextualize each of the four parts and the articles further reading sections and questions this is the perfect guide for all students of the history of childhood     *Ways of the World: A Brief Global History with Sources, Combined Volume* Robert W. Strayer, Eric W. Nelson, 2015-10-02 Ways of the World is one of the most successful and innovative textbooks for world history The brief by design narrative is truly global and focuses on significant historical trends themes and developments in world history Authors Robert W Strayer a pioneer in the world history movement with years of classroom experience along with new co author Eric W Nelson a popular and skilled teacher provide a thoughtful and insightful synthesis that helps students see the big picture while teaching students to consider the evidence the way historians do     **The World Since 1500** Leften Stavros Stavrianos, 1966     Global History Samir Amin, 2011 Responding to the need to take a fresh look at world history hitherto dominated by Eurocentric ideologues and historians in their attempt to justify the nature and character of modern capitalism Samir Amin looks in this book at the ancient world system and how it has influenced the development of the modern world He analyses the origin and nature of modern globalization and the challenges it presents in achieving socialism and examines the role played by Central Asia in determining the course of world history as well as the different roads taken by Europe and China The book looks closely at a theme that has been primordial to his contribution to political and economic thought the question of unequal development

**Sources of Global History Since 1900** James H. Overfield, 2012-03 Provides interesting and insightful primary sources designed to supplement your modern world history course A combination of textual and visual sources from around the world brings global events to life equipping you with the information needed to understand and appreciate political and social climates past and present
