

The background of the cover is a photograph of a woman with long, wavy brown hair, seen from behind, wearing a dark blue trench coat. She is standing on a cobblestone street, looking towards a brick building in the distance. A red octagonal stop sign is visible on the building. The scene is bathed in a soft, golden light, suggesting a sunrise or sunset. The overall mood is mysterious and atmospheric.

What Lies Behind J.T. Ellison, 2018-11-12 The fourth riveting novel featuring the incomparable Dr Samantha Owens by critically acclaimed New York Times bestselling author J T Ellison WHAT LIES BEHIND grabs you by the throat and doesn't let go Ellison is a great talent enjoy Catherine Coulter 1 New York Times bestselling author Waking to sirens in the night is hardly unusual for Sam Owens No longer a medical examiner she doesn't lose sleep over them but a routine police investigation in her neighborhood has her curious When her homicide detective friend Darren Fletcher invites her to look over the evidence she immediately realizes the crime scene has been staged What would seem to be a clear case of murder suicide is anything but The discovery of toxic substances in hidden vials indicates that something much more sinister is at play As Fletch and Sam try to understand what and who they are dealing with they are summoned to a meeting at the State Department High level officials are interested in what they know and as the threat of bioterrorism is exposed seem to be keeping secrets of their own Unsure who to trust Sam and Fletch find themselves up against very powerful people at every stage in the investigation It's Sam's most complex case yet and the terrifying reality is beyond anything she could have imagined Originally published in 2015 J.T. letter from a dead man imploring her to solve his murder There s only one catch Timothy Savage s death was ruled a suicide When Sam learns Savage left a will requesting she autopsy his body she feels compelled to do it Sam discovers clear signs that Savage was murdered and she finds DNA from a kidnapped child whose remains were recovered years earlier Nothing about the case makes sense but it is clear someone is unwilling to let anyone especially Samantha Owens discover the truth What Lies Behind Waking to sirens in the night is hardly unusual for Samantha Owens No longer a medical examiner she doesn t lose sleep over them but a routine police investigation in her neighborhood has her curious When her homicide detective friend Darren Fletcher invites her to look over the evidence she immediately realizes the crime scene was staged What seems to be a clear case of murder suicide is anything but The discovery of toxic substances in hidden vials indicates that something much more sinister is at play Unsure who to trust Sam and Fletch find themselves up against very powerful people at every stage in the investigation No one is who they appear to be It s Sam s most complex case yet and the terrifying reality is beyond anything she could have imagined More Praise Shocking suspense compelling characters and fascinating forensic details Lisa Gardner 1 New York Times bestselling author A terrific thriller fans of forensic mysteries such as those by Patricia Cornwell should immediately add this series to their A lists Booklist *The Wolves Come at Night* J.T. Ellison,2023-05-23 A detective on the brink An assassin out for revenge A desperate mother racing against the clock While the high profile murder of a young country singer turns Nashville inside out danger lurks in the woods beyond the city s border There was a witness to the terrible crime a college student who stumbled onto the scene When the girl goes missing the police don t know if she s run for cover or been taken or if something more sinister is happening The truth will shatter Taylor s career and bring her face to face with a deadly assassin who wants nothing more than to finish what they started Taylor Jackson is back And you ve never seen her quite like this Powered by unexpected twists intriguing characters a high stakes plot and the ultimate enemies to friends story THE WOLVES COME AT NIGHT is a true thrill ride I loved it Jayne Ann Krentz 1 New York Times Bestselling Author *Edge of Black* J. T. Ellison,2012 Dr Samantha Owens is starting over new city new man new life She s trying to put some distance between herself and the devastating loss of her husband and children but the old hurts leave scars Before she has a chance to settle into her new position in Georgetown University s forensic pathology department she s called to consult on three murders caused by an unknown pathogen in Metro Washington *A Deeper Darkness* J.T. Ellison,2012-05-01 As a medical examiner Samantha Owens knows her job is to make a certain sense of death with crisp methodology and precision instruments But the day the Tennessee floods took her husband and children the light vanished from Sam s life She has been pulled into a suffocating grief no amount of workaholic ardor can penetrate until she receives a peculiar call from Washington D C On the other end of the line is an old boyfriend s mother asking Sam to do a second autopsy on her son Eddie Donovan is officially the victim of a vicious carjacking but under Sam s sharp eye the forensics tell a darker story The ex Ranger was murdered though not for his car Forced to confront the

burning memories and feelings about yet another loved one killed brutally Sam loses herself in the mystery contained within Donovan's old notes It leads her to the untouchable Xander a soldier off grid since his return from Afghanistan and then to a series of brutal crimes stretching from that harsh mountainous war zone to this nation's capital The tale told between the lines makes it clear that nobody's hands are clean and that making sense of murder sometimes means putting yourself in the crosshairs of death

When Shadows Fall J.T. Ellison, 2018-10-15 The third heart racing story featuring medical examiner Dr Sam Owens only from New York Times bestselling author J T Ellison Dear Dr Owens if you are reading this I am dead and I would be most grateful if you could solve my murder Forensic pathologist Dr Samantha Owens thought life was finally returning to normal Settling into her new job at Georgetown University the illusion is shattered when she receives a disturbing letter from a dead man imploring her to solve his murder There's only one catch Timothy Savage's death was so obviously a suicide that the case has been closed When Sam learns Savage left a will requesting she autopsy his body she feels compelled to look into the case The postmortem uncovers clear signs that Savage was indeed murdered And she finds DNA from a kidnapped child whose remains were recovered years earlier The investigation takes Sam into the shadows of a twenty year old mystery that must be solved to determine what really happened to Timothy Savage Nothing about the case makes sense but it is clear someone is unwilling to let anyone especially Samantha Owens discover the truth Originally published in 2014
