Humour in Asian Cultures

Jessica Milner Davis,2022-06-30 This innovative book traces the impact of tradition on modern humour across several Asian countries and their cultures Using examples from Japan Korea Indonesia

and Chinese cultures in Mainland China Hong Kong and Taiwan the contributors explore the different cultural rules for

creating and sharing humour Humour can be a powerful lubricant when correctly interpreted mis interpreted it is likely to cause considerable setbacks Over time it has emerged and submerged in different periods and different forms in all these

countries but today s conventions still reflect traditional attitudes to and assumptions about what is appropriate in creating

and using humour Under close examination Milner Davis and her colleagues show how forms and conventions that differ

from those in the west can also be seen to possess elements in common With examples including Mencian and other classical

texts Balinese traditional verbal humour Korean and Taiwanese workplace humour Japanese laughter ceremonies

performances and cartoons as well as contemporary Chinese language films and videos they engage with a wide range of

forms and traditions This fascinating collection of studies will be of great interest to students and scholars of many Asian

cultures and also to those with a broader interest in humour studies It highlights the increasing importance of understanding

a wider range of cultural values in the present era of globalized communication and the importance of reliable studies of why

and how cultures that are geographically related differ in their traditional uses of and assumptions about humour
