**The Hague Child Abduction Convention** Rhona Schuz, 2014-07-04

International child abduction is one of the most emotionally charged and fascinating areas of family law practice The 1980 Hague Convention on the Civil Aspects of International Child Abduction was the response of the international community to the increase in the phenomenon of parental child abduction However behind the widely acclaimed success of this Convention which has now been ratified by more than 90 states lie personal tragedies academic controversy and diplomatic tensions The continuing steady flow of case law from the various Member States has resulted in the emergence of different approaches to the interpretation of key concepts in the Convention In addition over the years other global and regional legal instruments and the recommendations of the Special Commissions have had an impact on the implementation of the Convention This book brings together all these strands and provides an up to date clear and highly readable discussion of the international operation of the Abduction Convention together with in depth critical academic analysis in light of the objectives of the Convention and other relevant legal norms such as the 1989 UN Convention on the Rights of the Child Throughout the book examples are brought from case law in many jurisdictions and reference is made to relevant legal and social science literature and empirical research Over the past decade increasing focus has been placed on what might be seen as procedural issues such as separate representation for children undertakings judicial liaison and mediation The book analyses the significance of these developments and the extent to which they can help resolve the continuing tension between some of the objectives of the Convention and the interests of individual children This book will be essential reading for judges practitioners researchers students policy makers and others who are seeking a critical and informed analysis of the latest developments in international abduction law and practice From the Foreword by Brenda Hale Justice of the Supreme Court of the United Kingdom This book is as far as I am aware the first scholarly monograph to study the interpretation and application of the Convention across the whole legal space which it occupies and to critically assess these in light of the object and purposes of

the Convention and other relevant legal norms Cases are drawn from many jurisdictions to discuss how different countries interpret the Convention and links are made with relevant statistical social and psychological research in a thoughtful discussion of the significance of such material both to judicial decision making and to policy development a study which deserves to be read by anyone with an interest in the modern phenomenon of international child abduction whether judge practitioner policy maker parent researcher or scholar There is plenty for us all to think about **Taxmann's GST Practice Manual [Finance Act 2023] - Comprehensive guide for compliance with GST, along with stepwise guides, case laws, illustrations & content synchronization with GST Common Portal** Aditya Singhania, 2023-06-26 This book is a comprehensive guide for day to day compliance with GST It helps you understand the following topics related to GST Background Concepts Execution Challenges Solutions It also explains the provisions of the GST law lucidly This book will be helpful for GST Professionals engaged in managing the client's day to day GST related affairs i e advisory compliance and litigation services The Present Publication is the 7th Edition amended by the Finance Act 2023 and updated till 1st June 2023 This book is authored by Aditya Singhania with the following noteworthy features Comprehensive Coverage with detailed analysis and relevant illustrations Stepwise Guide for GST compliance procedures Judicial Outlook of GST Case Laws including Advance Rulings GST Common Portal The content in this book is synchronized with the current features available at GST common portal Topic Wise Explanation along with related GST Notifications and Circulars Practical Issues with solutions The contents of the book are as follows Time Place of Supply Valuation o Time of Supply o Place of Supply o Valuation Accounting in GST o Invoicing o Accounts Records o E Way Bill o Job Work Registration o Basics of Registration o Compulsory Registration o Person not Liable to take Registration Voluntary Registration o General Procedure of Registration o Amendment of Registration o Cancellation or Suspension of Registration o Revocation of Registration Specified Taxable Person o Non Resident Taxable Person o OIDAR o Unique Identification Number UIN Composition Scheme o Basics of Composition Scheme o Compliances under the Composition Scheme o Withdrawal from the Composition Scheme o Returns under the Composition Scheme Input Tax Credit including ISD o Eligibility of Input Tax Credit o Apportionment of Input Tax Credit o Availability of ITC in certain circumstances o ITC for Job Worker o Compliance for Input Service Distributor o Returns for an Input Service Distributor Returns o Introduction to GST Returns o GSTR 1 o GSTR 2 2A and 2B o GSTR 3 o GSTR 3B o Matching Concept o Proposed new GST Return o Annual Return for Normal Taxpayer o Annual Return for Composition Taxpayer o Final Return Audit o Departmental Audit o GST Audit TDS TCS o Tax Deducted at Source o Tax Collection at Source Payment o Basics of Payment o Treatment of Input Tax Credit for Payment o Treatment of Electronic Cash Credit Ledger o Treatment of Electronic Liability Ledger o Miscellaneous on Payments Refunds o Basics of Refunds o Refund Procedures Assessment o Self Provisional Assessment o Scrutiny of Returns o Assessment of Non Filers of Returns o Assessment of Unregistered Persons o Summary Assessment o Finalization of Provisional Assessments Appeal Search and
