Click,Joshua Coval,2002 For MBA courses in International Corporate Finance International Business Finance and Multinational Financial Management This book focuses upon the basic principles which together make a toolkit for analysis of issues in international finance It also captures the importance and excitement of international financial management and highlights the new approaches in the field It covers the theoretical foundations of international financial decisions and

contains extensive applications of the theory to financial practice with a main objective of developing critical thinking skills regarding the theory and practice of international financial management *The Journal of Finance*, 1980 Publishes across all the major fields of financial research The most widely cited academic journal on finance and one of the most widely cited journals in economics as well *Instructor's Manual for Multinational Financial Management* Alan C. Shapiro, 1989

Financial Statement Analysis Thomas R. Robinson, Paul Munter, Julia Grant, 2004 Robinson Munter and Grant's Financial Statement Analysis A Global Perspective is designed especially for users of financial statements Takes a financial statement analysis perspective The focus is on the user of financial statements and not the preparer of financial statements The emphasis is on the analysis and use of financial reports Knowledge of debits and credits is not required Emphasizes a global perspective by presenting both International Accounting Standards and U.S. GAAP Uses a step by step presentation to take students through the financial statement analysis process from understanding the financial statements to valuation Motorola and Nokia are used as running case examples throughout the text Additional real world examples are integrated into each chapter as appropriate Assignment Materials Many of the end of chapter problems have been reproduced from AIMR CFA® examination released questions and sample examinations Each chapter has a case derived from real company financial statements that can be used for class discussion or student projects **Financial Accounting** Brian George Gaber, 1993
