WISC-IV Clinical Use and Interpretation Aurelio Prifitera,Donald H. Saklofske,Lawrence G. Weiss,2005 Publisher Description WISC-four Clinical Use and Interpretation Aurelio Prifitera,2005 WAIS-IV Clinical Use and Interpretation Lawrence G. Weiss,Donald H. Saklofske,Diane Coalson,Susan Engi Raiford,2010-06-22 Published in August of 2008 WAIS IV is the most widely used intelligence test for adults in the world Substantive changes were made to the WAIS IV from the WAIS III leaving clinicians with questions as to how to use and interpret the measure effectively Written by the creators of the new test this book serves as the ultimate insider s guide to the new test providing users with the kind of access to norms and data that would be unavailable to any subsequent book on clinical use of this measure The

book discusses the changes made between 3rd and 4th editions along with an FAQ and answers about use and interpretation. The reader is instructed how to interpret composite scores and everything needed to use and interpret two entirely new composite scores the General Ability Index GAI and the Cognitive Proficiency Index CPI. This information does NOT appear in the manual accompanying the test. The second section of the book focuses on WAIS IV use and interpretation with special clinical applications and populations including with multicultural clients in neuropsychological settings with individuals experiencing psychological disorders and with older adults. The editors and chapter authors have exclusive access to proprietary WAIS IV data to run advanced analyses and provide information beyond what is offered in the WAIS IV manual. Provides practical advice on scoring and administration. Facilitates understanding WAIS IV use with special populations. Describes use of the WAIS IV with WMS II. Wechsler Intelligence Scale for Children-four Advanced Clinical Interpretation

Lawrence G. Weiss, 2006. For both experienced psychologists and graduate students this book moves quickly through the essentials of WISC IV interpretation and onto an insightful analysis of the major cognitive domains assessed by WISC IV. It is the intention of the editors to raise the standard of practice from a simplistic test label place model to a clinical model of assessing to understand and intervene. In the first chapter the reader is presented with a comprehensive array of societal and home environment factors for which there is empirical evidence indicating their impact on the development of children's cognitive abilities and ultimately their scores on intelligence tests. Subsequent chapters address issues related to the assessment of cognitive abilities that compose g with special emphasis on the clinical correlates of working memory and processing speed from both neuropsychological and cognitive information processing perspectives. Each new chapter builds on material presented in previous chapters and progresses the reader purposefully through deeper levels of understanding of WISC IV and cognitive assessment in general. Two chapters explicate the processing approach to interpretation that is the corner stone of the WISC IV Integrated. A further chapter addresses the interpretation of WISC IV findings within the context of other instruments as part of a full psychological evaluation. The final chapter provides an extensive case example of how to write psychological evaluation reports from a child centered rather than a score centered perspective that can have transforming impact on parents and teachers approach to the child. Overall these four authors are the architects of a masterful new book on advanced WISC IV interpretation from a clinical perspective. Together with the complimentary book WISC IV Clinical Assessment and Intervention Second Edition these books provide the complete spectrum of information needed by all psychologists who use the WISC IV in clinical practice. The Wechsler scale is the most widely used assessment of children's intelligence. Authored by assessment experts including Harcourt Assessment staff with exclusive data on the WISC IV.
