**Contingencies, Resilience and Legal Constitutionalism** Clive Walker, 2017-10-02 Contingency planning and resilience are of prime importance to the late modern risk society with implications for law and for governance arrangements Our risk society continues to seek ever more complex and detailed risk mitigation responses by law including the UK's Civil Contingencies Act 2004 and the US Homeland Security Act 2002 which respond to counter terrorism natural catastrophes and other risks This book seeks to analyse and criticise the legal developments in contingencies and resilience on a comparative basis which engages with not only law and constitutionalism but also political theory and policy including relations between public and private national and local and civil and military Two transcending themes are of interest One is institutional or structural what bodies and power relations should we establish in a late modern world where Critical National Infrastructure is mainly held in private hands The second is dynamic and concerns the grant of powers and arrangements for live responses Both aspects are subjected to a strong critical stance based in constitutionalism which demands state legitimacy even in extreme situations by the observance of legality effectiveness accountability and

individual rights This book was originally published as a special issue of the International Journal of Human Rights      **The Anti-Feminist Component of Lone Wolf Terrorism** Myriam Kim Schick,2020-10-15 Seminar paper from the year 2020 in the subject Politics General and Theories of International Politics grade 1 0 University of Cologne language English abstract The aim of this paper is to highlight the misogyny of the extreme right and examine the online spaces in which lone wolves radicalize themselves In particular the Incel movement which has gained notoriety in recent years with multiple domestic terrorist attacks many of them targeted toward women across the world The goal is to show that alt right and Incel ideologies often go hand in hand There is a misogynist and an anti feminist agenda that runs like a red thread through the manifests of extreme right attackers and still there is almost no public discussion addressing it Since the intent of this paper is to show connections between extreme right and Incel ideologies we will first make sense of the Incel movement as a whole and the so called Manosphere Subsequently we will examine the similar characteristics of the Incel and extreme right world view and have a look at three case studies of recent domestic terrorist attacks examine their motive their underlining ideologies and discuss whether its perpetrators can be ascribed to both the extreme right and the Incel community      Wolf's Complete Book of Terror Leonard Wolf,1979-08-01 Illustrations by artists as diverse as Dore Goya and Blake and stills from horror films accompany terrifying tales gathered from all corners of the earth including stores by Baudelaire Poe and Kafka
