## Spotify 2025:

**Strategic Digital Transformation** Marc K. Peter, Johan P. Lindeque, 2025-11-05 This cutting edge textbook takes a unique approach to digital transformation which aligns theory and practice and is supported by the authors own research with over 4 000 organisations. Covering key topics such as emerging technologies, AI, cybersecurity, customer orientation, operational excellence, marketing automation, innovation and leadership and culture, it offers a learning experience which prepares students for the practical realisation of digital transformation for competitive advantage. With individual and group exercises and case studies from a range of organisations, Strategic Digital Transformation prepares students to apply the knowledge and experience gained from the book in their future careers. It is suitable for undergraduate and postgraduate digital transformation and digital business courses.

**Tame Impala's Currents** Alister Newstead, 2025-12-11 Studies Tame Impala's psychedelic album Currents (2015) as both an example of a cultural shift in music production and consumption and a project that cemented its creator Kevin Parker as one of Australian music's most unlikely success stories and influential exports.

**Mood Machine** Liz Pelly, 2025-01-07 NATIONAL BESTSELLER A New Yorker, GQ, The Daily Telegraph, London and Library Journal Best Book of 2025. A 2025 Washington Post Notable Nonfiction. An NPR Books We Love Most pick. Winner of a Certificate of Merit from the 2025 ARSC Awards for Excellence. An unsparing investigation into Spotify's origins and influence on music, weaving unprecedented reporting with incisive cultural criticism illuminating how streaming is reshaping music for listeners and artists alike. Drawing on over one hundred interviews with industry insiders, former Spotify employees and musicians, Mood Machine takes us to the inner workings of today's highly consolidated record business, showing what has changed as music has become increasingly playlisted, personalized and autoplayed. Building on her years of wide ranging reporting on streaming music, journalist Liz Pelly details the consequences of the Spotify model by examining both sides of what the company calls its two sided marketplace: the listeners who pay with their dollars and data and the musicians who provide the material powering it all. The music business is notoriously opaque, but here Pelly lifts the veil on major stories like streaming services filling popular playlists with low cost stock music and the rise of new payola like practices. For all of the inequities exacerbated by streaming, Pelly also finds hope in chronicling the artist led fight for better models, pointing toward what must be done collectively to revalue music and create sustainable systems. A timely exploration of a company that has become synonymous with music, Mood Machine will change the way you think about and listen to music.

Christopher Diller, Stewart Pursley, Richard Gentry, 2022 In 2018 Spotify started selling its shares publicly on the New York Stock Exchange The Swedish based start up that launched in 2008 was on its way to becoming the largest music streaming platform in the world At the time it was going public Spotify was used in 61 countries had 159 million active users and hosted a music library of 35 million songs Over the last decade Spotify has focused on increasing its music library available to stream and differentiating its brand from competitors by adding music videos live clips and podcasts to its service It has created a series of personalized playlists based on users preferences and song history It has also begun hosting live events All of these offerings have added to its popularity and brand loyalty from its streamers However one segment that Spotify has not tapped into an area that its competitors already dominate is the voice assist speaker system market Reports have shown that Spotify is looking to add voice assist capabilities to its platform and in turn considering the development of a proprietary smart speaker device By 2017 the voice assist speaker market had become a global phenomenon valued at USD 4.4 billion and is projected to reach USD 23.3 billion by 2025 Spotify has been focused on maintaining its lead in music streaming but now smart speaker manufacturing companies will be able to disintermediate Spotify as a non essential application breaking its connection to customers But with the current success of Spotify s music streaming platform and its competitors focused on the smart speaker segment that Spotify has no control over Spotify must decide whether or not to follow the first movers and enter the voice assist speaker market Wallaces Farmer, 2024-08

**The SPA Treatment** Alexander Forsselius, 2025-02-25 From early days filled with the joy of discovery to the harsh realities of chasing dreams The SPA Treatment takes readers on an unforgettable journey through the highs and lows of one artist s life Born in Romania and raised in Sweden the author found solace in music creativity and technology achieving the dream of being featured on Spotify s coveted playlists But just as his music are set to take off Spotify introduces the PFC program which pulls out his tracks from the playlists and his success unraveled into financial struggles professional setbacks and self doubt they were left grappling with the painful consequences of ambition In this candid and moving memoir the author explores what it means to follow one s passion while living with autism the allure and peril of fame and the resilience required to rebuild after losing everything Both a cautionary tale and an inspiring story of reinvention The SPA Treatment invites readers to reflect on their own aspirations and the lengths they ll go to achieve them Perfect for fans of personal triumphs creative struggles and behind the scenes glimpses into the music industry This book is an independent artist s personal response to the 2025 book Mood Machine The Rise of Spotify and the Costs of the Perfect Playlist by Liz Pelly where the authors reviews his own chaotic journey in the light of the reveals in this book This book and author has no connection to that said book and Liz Pelly
