

The background image shows a child's hands writing on a worksheet. The worksheet has several sections: a spider web with a spider, a car, a fish, and a section with three black circles. The child is using an orange marker to write on a section with a dashed line. There are also green and orange markers on the table. The text 'SCIENCE OF READING: EASY AT HOME PHONICS PRACTICE' is overlaid on the image in a yellow box with a pink border.

Maddux,Dee LaMont Johnson,Jerry Willis,2001 This text focuses on general concepts theory and research on teaching learning and technology rather than on hands on assignments at the computer This book is most suitable for courses where students already have basic computing skills and the focus is on issues of integration of technology in the classroom or for courses where computing skills are taught simultaneously with the concepts issues and theories of integration This text is geared toward answering the question What would a teacher do differently if she he used computers in her his classroom The book links actual practice to underlying theories of both teaching and learning It helps students develop their own framework for thinking about educational computing **The Software Encyclopedia 2000** Bowker Editorial Staff,2000-05 Children's Software & New Media Revue ,2004 **The Software Finder** ,1983 *Catalog of Instructional Materials in Reading* California. State Department of Education,1982 The Principal's Guide to Raising Reading Achievement Elaine K. McEwan-Adkins,1998-04-20 I found the Principal s Guide to Raising Reading Achievement to be an excellent source of information for any elementary school principal who is concerned about the level of reading achievement in his her school The book contains not only an excellent and balanced discussion of some of the major controversies in the area of reading instruction but also shows how these controversies should not be a stumbling block to providing a balanced comprehensive instructional program for children Joseph Torgesen Professor of Psychology Florida State University Now you can plan and

set the tone for making sure reading levels go up in your school McEwan offers common sense ways to change the way your students learn to read The author states three important goals Realize and use the power you have to create a school of readers Keep up with the available research on how to teach reading more effectively so that you and your teachers can decide what methods will work best for your students Learn and use the eight key components included in this book to raise student reading achievement The author begins by explaining why your students can't read as well as they should She shows you changes you can make right away to start raising your students reading levels McEwan summarizes the debate between phonics and whole language and helps you understand how a balanced approach can work for your students Find out what you need to boost reading scores at your school The book shows you The eight big ideas essential to improving your students reading What your students need to know about reading and learning Thirty plus things you can do tomorrow to raise reading achievement Teaching reading related web sites you can visit to get more help for your students A recommended reading list to help you start your program McEwan offers you the kind of practical guidance you need to start a productive reading improvement program in your school She shows you the best ways to get buy in from your teachers and how to build their enthusiasm and continued support You'll learn how you can involve your students families along with the greater community and begin to work toward your crucial shared goal of boosting students reading levels If you want to make a significant difference in your students reading abilities and scores and help them learn to like reading this book can point the way

Voyager, Teacher's Resource Guide, 1999 Teacher's guides contain reading material plus exercises to build skills in reading and writing

How to Teach Phonics Douglas T. Roman, 2012-11 Learning American English is a big challenge for ESL students as well as native American students Sometimes students have difficulty understanding how to read write and speak American English properly because some words and English grammar rules are quite complex and can be difficult to understand Without a proper teaching method and instructional guide teaching American English can present a huge challenge even for the most experienced teachers It may take years to establish a sure approach in teaching the correct way of reading writing and speaking American English correctly unless an effective method is found to help After many years of research I finally found an positive rewarding approach that will effectively help students quickly engage their understanding of phonetics easily and will assure their English skills in a short period of time I applied this teaching method to my students and the results were tremendous So in order to reduce teachers worry frustration or stress I decided to share my best proven practices in this book Back cover

Reading Process and Practice Constance Weaver, 2002 Weaver incorporates especially timely information accurate data informed critique and results of often ignored research to help teachers counteract government and corporate intrusion into classrooms
