Stat Spotting A Field Guide To Identifying:

Stat-Spotting Joel Best,2013-09-14 This edition updates benchmarks includes a new chapter on rhetoric updated a few examples and thoroughly updated the bibliography *Everyone's a Winner* Joel Best,2011-03-07 Every kindergarten soccer player gets a trophy Many high schools name dozens of seniors as valedictorians of the same class Cars sport bumper stickers that read USA Number 1 Prizes proliferate in every corner of American society and excellence is trumpeted with ratings that range from Academy Award winner to Best Neighborhood Pizza In *Everyone's a Winner* Joel Best acclaimed author of *Damned Lies and Statistics* and many other books shines a bright light on the increasing abundance of status in our society and considers what it all means With humor and insight Best argues that status affluence fosters social worlds and in the process helps give meaning to life in a large society **Sex, Drugs, and Body Counts** Peter Andreas,Kelly M. Greenhill,2011-01-15 At least 200 000 250 000 people died in the war in Bosnia There are three million child soldiers in Africa More than 650 000 civilians have been killed as a result of the U S occupation of Iraq Between 600 000 and 800 000 women are trafficked across borders every year Money laundering represents as much as 10 percent of global GDP Internet child porn is a 20 billion a year industry These are big attention grabbing numbers frequently used in policy debates and media reporting Peter Andreas and Kelly M Greenhill see only one problem these numbers are probably false Their continued use and abuse reflect a much larger and troubling pattern policymakers and the media naively or deliberately accept highly politicized and questionable statistical claims about activities that are extremely difficult to measure As a result we too often become trapped by these mythical numbers with perverse and counterproductive consequences This problem exists in myriad policy realms But it is particularly pronounced in statistics related to the politically charged realms of global crime and conflict numbers of people killed in massacres and during genocides the size of refugee flows the magnitude of the illicit global trade in drugs and human beings and so on In *Sex Drugs and Body Counts* political scientists anthropologists sociologists and policy analysts critically examine the murky origins of some of these statistics and trace their remarkable proliferation They also assess the standard metrics used to evaluate policy effectiveness in combating problems such as terrorist financing sex trafficking and the drug trade *The Oxford Handbook of Undergraduate Psychology Education* Dana S. Dunn,2015-08-07 *The Oxford Handbook of Undergraduate Psychology Education* is dedicated to providing comprehensive coverage of teaching pedagogy and professional issues in psychology The Handbook is designed to help psychology educators at each stage of their careers from teaching their first courses and developing their careers to serving as department or program administrators The goal of the Handbook is to provide teachers educators researchers scholars and administrators in psychology with current practical advice on course creation best practices in psychology pedagogy course content recommendations teaching methods and classroom management strategies advice on student advising and administrative and professional issues such as managing one's career chairing the department organizing the curriculum and

conducting assessment among other topics The primary audience for this Handbook is college and university level psychology teachers at both two and four year institutions at the assistant associate and full professor levels as well as department chairs and other psychology program administrators who want to improve teaching and learning within their departments Faculty members in other social science disciplines e g sociology education political science will find material in the Handbook to be applicable or adaptable to their own programs and courses
