Rebel Douglas Carswell, 2017-03-25 Politics has never been more unpredictable Radical populists and insurgents have turned politics as usual on its head Rebel explores how we got here where we are heading and what we can do about it Douglas Carswell argues that these insurgencies are a reaction against the emergence of a political and economic oligarchy that has subverted our democracy and stifled our market system Politics he writes is a cartel Like the economy it is rigged in the interests of a few This leaves our liberal democratic order the mechanism that has allowed a historically unprecedented proportion of humanity to flourish facing a twin assault oligarchs on the one hand radical populists on the other Reassessing history and politics Rebel puts forward a bold new thesis we are not the first to face such a threat Oligarchic cartels have clogged the arteries of nations and economies throughout history triggering radical insurgencies in protest But all too often the radicals have strengthened the hand of the oligarchs the Roman Venetian and Dutch republics all succumbed to cartels Anti oligarch radicals the author notes have often made the oligarchs seem the more attractive option So too today he suggests In the face of these twin threats Carswell mounts a robust defence of the liberal democratic order Drawing on his first hand experience in taking on and beating the established political parties he proposes a profound reform of politics and capitalism to free us from the cartels listing the practical steps needed to make this revolutionary change happen
