Something about the Author Gerard J. Senick, 1997-04 A collection of autobiographical essays written by prominent authors and illustrators of

books for children and young adults A Century of Welsh Myth in Children's Literature Donna R. White, 1998-04-08 Myth legend and folklore have been entrenched in children's literature for several centuries and continue to be popular. Some of the most ancient traditional tales still extant come from the Celtic cultures of France and the British Isles whose languages are among the oldest in Europe. Among these tales are four native Welsh legends collectively known as the Mabinogi which were first translated into English in 1845 by Lady Charlotte Guest. Numerous children's books have been based on the Mabinogi since then and many have received awards and critical acclaim. Because these books are written for children, they are not necessarily faithful retellings of the original tales. Instead, authors have had to select certain elements to include and others to exclude. This book examines how authors of children's fantasy literature from the 19th century to the present have adapted Welsh myth to meet the perceived needs of their young audience. The volume begins with a summary of the four principle tales of the Mabinogi: Pwyll, Prince of Dyfed; Branwen, Daughter of Llyr; Manawydan, Son of Llyr; and Math, Son of Mathonwy. Books based on the Mabinogi generally fall into two categories: retellings of the myths and original works of fantasy partially inspired by the Welsh tales. Beginning with Sidney Lanier's *The Boy's Mabinogion*, the first part of this book examines versions of the myths published for children between 1881 and 1988. The second part discusses imaginative literature that borrows elements from the Mabinogi, including Alan Garner's *The Owl Service*, which won a Carnegie medal, and Lloyd Alexander's *Chronicles of Prydain*, the final volume of which received the ALA Newbery Award for outstanding children's book.

Gateway to Reading Nancy J. Polette, 2013-04-08 Get young readers hooked on some of the best titles in juvenile literature ranging from humor to mystery to fantasy with unusual and effective methods like games. Getting students to want to read is one of the greatest challenges facing middle school teachers and librarians. Determining which are the right books that can spark a child's mental awakening is also difficult. This book from prolific author Nancy Polette furnishes interesting and fun games to pique students' interest in junior novels that are worth reading carefully selected titles that will contribute to their educational and emotional growth. *Gateway to Reading: 250 Author Games and Booktalks to Motivate Middle Readers* is a powerful tool for luring middle school students away from the distractions of 21st century media and introducing them to junior or tween novels that they won't be able to put down. By presenting children with a challenge to engage their minds racing to decode book titles or using their creativity to come up with titles of their own, for example, students are naturally drawn towards reading these books from well-known children's authors.
