**Reflexive Poetics** Ethan Lewis,2013-01-16

It is tremendously important that great poetry be written It makes no jot of difference who writes it Ezra Pound s remark makes some polemic but still more prescriptive sense as evaluative of our present situation Some great poetry never mind the far larger quantity of trash is emerging from countless coteries of devoted artists quite plausibly in your community This anthology brings to press fifteen exemplary poets from Springfield Illinois and its environs Yet though endorsing their wider popularity this critical anthology advances an interpretative method We can garner much from reading the justly famed poets reflexively with those lesser known in our midst Any specific poem of the highest quality is informed by and informs through comparison with works of like caliber Indeed the test of an obscure gem inheres in critical comparison And relations never run one way One may well harbor keener appreciation of Wallace Stevens in light of certain works by Corrine Frisch just as Keats and Stevens mutually inform one another The central tenet of this text holds with Eliot and Frost a not so unlikely coupling as might be thought hence a perfect pair to introduce the author s *modus operandi* that we read relationally No artist has his meaning alone We read C the better to read D D the better to go back and get something more out of A Progress is not the aim but circulation to get among the poems where they hold each other apart in their places as the stars do    [The Mirror of Souls, and Other Essays](#) Félix Martí-Ibáñez,1972    [Wingbeats](#) Scott Wiggerman (Editor),2011-08 An exciting collection
