[Optimal Physical Activity across the Lifespan for People of All Abilities](#) Ronald F. Zernicke ,David Arthur Hart, Humans evolved to be mobile within the boundary conditions of Earth and many biological and physiologic systems depend on mechanical loading to maintain integrity during growth and maturation during skeletal maturity and during the aging process These systems subscribe to the use it or lose it principle and thus require continual use to maintain integrity Given that premise considerable basic and clinical research efforts have been directed at optimizing the effectiveness and positive impact of exercise on sports performance and the well being of

those with intact systems. However, those with disabilities or compromised abilities also benefit from exercise protocols and there exists a need to focus attention on these populations as well. Given the myriad of biological and physiological systems that benefit from exercise and mechanical loading, there is a need for all humans of varying abilities to not only maintain the integrity of their health but to attempt to optimize it. Recognizing that optimizing each person's health across the stages of the life cycle may require different exercise protocols dependent on stage of life, sex, genetics, and other individualized variables. For those with physical disabilities, embracing and maintaining such exercise protocols may be challenging but expanded research translation of findings and integration of the outcomes into everyday life to enhance the health and well-being of this significant population are needed going forward.

AI in Social Studies Education Christopher H. Clark, Cathryn van Kessel, 2025. The introduction of widely available generative AI tools has caused a frenzy of both positive and negative reactions. Between utopian visions and apocalyptic predictions of AI's impact on education, there is a need to thoughtfully consider what education in the age of AI can and should look like. This volume focuses on the implications of AI technology for teachers in K-12 and university settings, providing a careful look at its affordances and drawbacks for social studies curriculum and teaching. Scholars specializing in the field of social studies education provide information and practical ideas for teaching with current technology alongside frameworks for thinking about future iterations of AI. This book fills a critical need especially among educators to consider the current and potential future impacts of AI while avoiding the traps of alarmism or techno utopianism. Whether skeptical or enthusiastic about AI, every social studies educator will find something useful to their practice in this book.

Book Features: First ever compilation of AI considerations and strategies in the context of social studies education. Non-technical explanations of what AI can do and not do in practical educational contexts to enable educators to approach its use with careful judgment. Advice for educators to help them assess future iterations of AI technology.

Critical Considerations: Critical considerations of AI across multiple contexts, e.g., ethics, equity, multilingual learners, cybersecurity. Work from leaders in technology and social studies education across Canada and the United States.

[ChatGPT Atlas Browser Guide 2025](#) Konstantin Titov, 2025-10-22 ChatGPT Atlas Browser Guide 2025 How to Use OpenAI's AI Browser Agent Mode and Browser Memories on macOS Setup Privacy Controls and Productivity Workflows Be first, move fast. ChatGPT Atlas is OpenAI's new chat-first web browser, and this is one of the first hands-on guides written for real users who want results, not hype. Whether you're a student, creator, analyst, or team lead, this book shows you exactly how to install Atlas on macOS, set it up in minutes, and turn everyday browsing into automated, private, high-leverage workflows. Atlas brings ChatGPT to any page, adds optional browser memories, and introduces Agent Mode so it can take actions for you with guardrails you control. What you'll learn step-by-step: Install, set up on macOS, sign in, import passwords, bookmarks, history, and tune the new tab. Ask ChatGPT experience for speed. Search less, finish more, use on-page chat for instant summaries, clean citations, comparisons, and follow-up questions without copy-paste context juggling. Stay in control, master Incognito, the address bar, page visibility, toggle, and data controls so Atlas only sees what you allow. Learn how memories are optional, visible, archivable, and deletable. Agent Mode safely lets ChatGPT click around for you, researching, planning, and completing routine tasks while respecting built-in limits (e.g., it can't run code or install extensions and your approvals). Power workflows, research briefs, competitor scans, shopping carts, study aids, and executive summaries you can trust. For families, teams, understand parental controls and Business Enterprise basics so you can enable features responsibly. Who this book is for: Students, researchers who want faster reading, better notes, and self-tests as they learn. Professionals who live in the browser and need reliable automation for docs, data, and decisions. Creators, marketers who need quick comparisons, curated sources, and production-ready summaries. Team admins, parents who care about privacy, transparency, and safe defaults. Why this guide? Why now? Atlas changes the center of

gravity from URLs and tabs to conversation and action It's chat powered browsing with privacy controls and optional memories plus Agent Mode when you want hands off execution all shipping now on macOS with Windows iOS and Android experiences coming next We distill the launch details and best practices into a practical zero fluff playbook you can use on day one Up to date launch window coverage Written around the current release macOS availability Agent Mode preview for Plus Pro Business and the latest data controls parental controls so you're learning features that exist today not someday If you're ready to browse less and accomplish more ChatGPT Atlas Browser Guide 2025 is your fast start to the web's chat first future
