*Investor Relations and Financial Communication* Alexander V. Laskin, 2021-12-03 Equips students and professionals with the fundamental skills and knowledge needed to succeed in investor relations and financial communication. Investor Relations and Financial Communication is a comprehensive up to date introduction to the investor relations and financial communication profession. Written by a leading educator and professional consultant, this authoritative textbook provides the well rounded foundation necessary for anyone wanting to begin a career as an Investor Relations Officer (IRO). Detailed yet accessible chapters describe all essential aspects of the field including communication skills, basic financial knowledge, legal and regulatory guidelines, professional standards and practices, and more. Organized in five sections, the book first identifies and defines the jobs available in investor relations and financial communication, detailing the responsibilities, titles, salaries, and key players in the industry. After thoroughly explaining the disclosure of financial and non financial information, the author describes the regulatory environment in which professionals operate and offers expert insight into issues of corporate governance, environmental sustainability, social responsibility, shareholder activism, and crisis management. Subsequent sections highlight the day to day activities of investor relations and financial communication professionals and discuss the future of the field. This invaluable textbook also describes the responsibilities of the Investor Relations Officer throughout initial public offering, periodic reporting, and performance evaluation. Discusses the role of investor relations professionals in disclosing financial information and educating the investment community. Emphasizes the various skills that IROs must possess in order to do their jobs successfully, such as marketing and securities law compliance. Includes end of chapter review questions, activities, and lists of key terms. *Investor Relations and Financial Communication: Creating Value Through Trust and Understanding* is the perfect textbook for both professional development training programs and undergraduate and graduate courses in investor relations and is required reading for all those working in investor relations, particularly early career professionals.

*Secrets of Video Game Consoles* Michael Hart, 2022-12-29 Did you know the Nintendo Wii had a medical condition named after it? Or that the Sega Saturn almost had the Nintendo 64's graphics chip? Did you realize the Atari Jaguar contained five different processors? Are you aware that a fake website about beekeeping was used to promote an Xbox game? Learn about all of this and more in this unique trivia book about the history of video game consoles that gives you the complete stories in detail. These facts cover a wide range of subjects such as which console introduced certain technology and features, esoteric hardware oddities, marketing fails and successes, stories behind key games, how certain indispensable people shaped the whole industry, development history, court cases, peculiar events, weird relationships between companies, and technical explanations. Plenty of these would be obscure facts that you may not know, but even if you are familiar with them, do you know the full story? 31 video game consoles stretching from 1972 to 2017 are covered, containing more than 235 in depth facts, numerous other pieces of trivia, and over 350 images to create a single package unlike any other that gamers of
