*The Meaning of Myth in Uncertain Times* Evelien Bracke, 2025-12-29 This book examines how ancient mythology forms part of the stories we tell ourselves about today's uncertain times not only in popular culture but also in sociocultural and political debates. It particularly explores the ways in which classical myths shape how our modern secular societies think about the interconnected geopolitical, technological and ecological issues we are facing and our potential futures. Classical myths like those of Achilles, Medea and Odysseus are everywhere from films and novels to social media and games. But how and why are we still fascinated with them particularly now? Can these strange and often painful stories from societies so radically different from our own offer us genuine insights today? This expanded English edition of Evelien Bracke's award-winning Dutch book *Leidraad door het labirynt* explores how and why Greek and Roman myths, despite their ancient origins, are surprisingly meaningful in these times of uncertainty. Bracke offers a contextualization and literary analysis of classical mythology looking at both texts and visual media. This allows readers to gain a better understanding of how people draw inspiration from the past in their attempt to create a better future and how these stories provide both collective and individual guidance in navigating the turbulent 21st century. *The Meaning of Myth in Uncertain Times* is suitable for students, scholars, teachers and general readers interested in mythology and ancient Greek and Roman history and culture, providing insights that are relevant to the challenges we all face today.

[Microtimes](#), 1995-11 [Close Liaisons](#) Anna Zaires, 2013-02-03 Demo [http://youtu.be/YfUNCwJt\\_Wo](http://youtu.be/YfUNCwJt_Wo) Regular version of the book <https://www.createspace.com/4021797> Effect A best selling sci fi romance novel paperback is presented for a book test. Performer states that in order to get a completely random image a book might come in handy. Ordinarily people tend to think of a finite list of things. For example a house. The performer highlights the ordinary nature of the book. He optionally even asks if anyone wants to use their own book if so he will do a Hoy book test with the book provided. With a spectator chosen and the book provided the spectator is asked to first examine the book. Once they are happy with the book the spectator is asked to think of any page in the book mentally without saying it out loud. The performer mentions that even if he memorized the whole book without knowing a page number that memorization would be useless. The spectator is instructed to open the book to the page he is thinking of and read the first complete sentence. He is warned that the book might have some erotic content and if that sentence is embarrassing he is to choose another. When the sentence is chosen he is asked to re-read it silently. He is to focus on the sentence and if possible on a word that is easy to picture. The book is put away. The performer draws his impression. Afterwards he asks what image is in the person's mind. The spectator is asked to draw it in the air or to just say the sentence or the easy to picture word depends on the presentation. It turns out that the performer's impression is spot on. The book can be now given away as a souvenir the performer switches it for the much less expensive real book since he can get it for this purpose in bulk at decent prices. Bare bones presentation Book is introduced. Its existence on Amazon and other stores is highlighted. Person thinks of a page turns to it with the performer facing away. The person is then told to read the first full

sentence on that page to himself herself Person focuses on the sentence and then on a word that is easy to picture in the sentence Performer faces away all the time draws a heart and then reveals the heart to the person and the audience Method You use a book that is gimmicked in a way It is a version of a real novel but one where sentences were written in on the beginning of each page first full sentence to contain the word heart These sentences fit the story perfectly In fact they were edited by Anna Zaires the author of the actual novel Thus the book can be examined very closely before the effect After the effect however I strongly recommend putting the book out of sight and or switching it for the original un gimmicked version I usually give away a copy of an un gimmicked book at every performance My switch is super simple as part of the presentation I have the book put into a bag Then when I do the giveaway I give away the real un gimmicked version I have also used switch bags and other method for switching During a formal show no one ever asks to examine the book after the effect but during close up they sometimes do and I use one of the methods mentioned Subtleties This book has sexual content think fifty shades of gray so I often say if the page you open to happens to have something embarrassing on it just choose another This emphasizes the freedom of choice of page and how regular the book is why would you ever put sex scenes into a trick book When drawing the heart I first often draw something that looks like heart rate monitor output It helps disguise what I am drawing plus it can be part of the revelation because very many sentences in the book deal with heart beating faster in some way I put a period after Volume I on page 1 of the gimmicked book for easy way to check which of the 2 I am holding
