

The Red Army In Romania

David M. Glantz

The Red Army In Romania:

Red Army in Romania Constantin Hlihor, 2022-07-01 The Red Army in Romania is the first comprehensive study of the Soviet occupation of Romanian territory in 1940 1941 and its occupation of the country at the end of World War II which lasted until Soviet troops withdrew from the country in 1958 Based on previously unavailable archival sources it sheds light on the occupation policies of the Red Army and Soviet policy in Eastern Europe generally at the end of World War II The authors both well known historians discuss the geopolitical and historical conditions that allowed the Red Army to occupy Romania They analyze the consequences of the occupation on the country particularly on political life as it led to the establishment of a Communist regime in Romania The Red Army in Romania is a valuable book for students and researchers alike Constantin Hlihor is a professor of history at the University of Bucharest and a researcher at the Center for Euro Atlantic Studies and at the Academy for Military Studies in Bucharest Ioan Scurtu is a professor of history at the University of Bucharest and former director of the Romanian National Archives [Soviet Occupation of Romania, Hungary, and Austria 1944/45-1948/49](#) László Borhi, 2015-07-10 This book compares the various aspects political military economic of Soviet occupation in Austria Hungary and Romania Using documents found in Austrian Hungarian Romanian and Russian archives the authors argue that the nature of Soviet foreign policy has been misunderstood Existing literature has focused on the Soviet foreign policy from a political perspective when and why Stalin made the decision to introduce Bolshevik political systems in the Soviet sphere of influence This book will show that the Soviet conquest of East Central Europe had an imperial dimension as well and allowed the Soviet Union to use the territory it occupied as military and economic space The final dimension of the book details the tragically human experiences of Soviet occupation atrocities rape plundering and deportations *Red Storm Over the Balkans* David M. Glantz, 2007 The leading expert on Soviet military history resurrects a failed World War II campaign that the official Russian history seeks to erase from memory Reconstructing the Red Army's first invasion of Romania in the spring of 1944 Glantz shows that despite the campaign's abysmal failure it provided a clear indication of Stalin's strong interest in the Balkans and further damaged the German army's ability to stop the Soviet war machine in its drive toward Berlin **Red Storm over the Balkans** David M. Glantz, 2025-03-11 Germany's Eastern Front in World War II saw many campaigns and battles that have been forgotten by a Soviet Union that tried to hide its military failures The Red Army's invasion of Romania in April and May 1944 was one such campaign which produced nearly 200 000 casualties and tarnished the reputations of its commanders The redoubtable David Glantz the world's leading authority on the Soviet military in World War II now restores this tale to its proper place in the annals of World War II Working from newly available Russian and long neglected German archives plus Red Army unit histories and commanders memoirs Glantz reconstructs an imposing mosaic that reveals the immense scope and ambitious intent of the first Iasi Kishinev offensive His re creation shows that Stalin was not as preoccupied with a direct route to Berlin as he was with a broad front strategy

designed to gain territory and find vulnerable points in Germany's extended lines of defense. If successful, the invasion would have also eliminated Romania as Germany's ally, cut off the vital Ploiesti oilfields, and provided a base from which to consolidate Soviet power throughout the Balkans. Glantz traces the 2nd Ukrainian Front's offensive along the Tirgu Frumos, Iasi, and Dnestr River axes, and the 3rd Ukrainian Front's simultaneous advance to the Dnestr River and dramatic struggle to seize bridgeheads across the river and capture Kishinev. He discloses General Ivan Konev's strategic plan as the 2nd Ukrainian Front prepared its Iasi offensive and fought a climactic battle with the German Eighth Army and its Romanian allies in the Tirgu Frumos region in early May, then the regrouping of General Rodion Malinovsky's 3rd Ukrainian Front for its decisive offensive toward Kishinev, which aborted in the face of a skillful counterstroke by a threadbare German Sixth Army. Glantz describes how the Wehrmacht, with a nucleus of survived combat veterans, was able to beat back Soviet forces hampered by spring floods, while already fragile Soviet logistical support was further undermined by the Wehrmacht's scorched earth strategy. Although Konev's and Malinovsky's offensives ultimately failed, the Red Army managed to inflict heavy losses on Axis forces, exacerbating the effects of Germany's defeats in the Ukraine and making it more difficult for the Wehrmacht to contain the Soviet juggernaut's ultimate advance toward Berlin. By re-creating this forgotten offensive, Glantz commemorates a rich and important chapter in the history of a war that brought down the German Army and reshaped the map of Europe.

FDR and the Soviet Union Mary E. Glantz, 2005 Throughout his presidency, Franklin Roosevelt was determined to pursue a peaceful accommodation with an increasingly powerful Soviet Union, an inclination reinforced by the onset of World War II. Roosevelt knew that defeating the Axis powers would require major contributions by the Soviets and their Red Army, and so despite his misgivings about Stalin's expansionist motives, he pushed for friendlier relations. Yet almost from the moment he was inaugurated, lower-level officials challenged FDR's ability to carry out this policy. Mary Glantz analyzes tensions shaping the policy stance of the United States toward the Soviet Union before, during, and immediately after World War II. Focusing on the conflicts between a president who sought close relations between the two nations and the diplomatic and military officers who opposed them, she shows how these career officers were able to resist and shape presidential policy and how their critical views helped shape the parameters of the subsequent Cold War. Venturing into the largely uncharted waters of bureaucratic politics, Glantz examines overlooked aspects of wartime relations between Washington and Moscow to highlight the roles played by U.S. personnel in the U.S.S.R. in formulating and implementing policies governing the American-Soviet relationship. She takes readers into the American embassy in Moscow to show how individuals like Ambassadors Joseph Davies, Lawrence Steinhardt, and Averell Harriman, and U.S. military attaches like Joseph Michela influenced policy and reveals how private resistance sometimes turned into public dispute. She also presents new material on the controversial military attaché, lend-lease director Phillip Faymonville, a largely neglected officer who understood the Soviet system and supported Roosevelt's policy. Deftly combining military with diplomatic history, Glantz traces these philosophical and policy

battles to show how difficult it was for even a highly popular president like Roosevelt to overcome such entrenched and determined opposition. Although he reorganized federal offices and appointed ambassadors who shared his views, in the end he was unable to outlast his bureaucratic opponents or change their minds. With his death, anti-Soviet factions rushed into the policymaking vacuum to become the primary architects of Truman's Cold War containment policy. A case study in foreign relations, high-level policymaking, and civil-military relations, FDR and the Soviet Union enlarges our understanding of the ideologies and events that set the stage for the Cold War. It adds a new dimension to our understanding of Soviet-American relations as it sheds new light on the surprising power of those in low places.

The Nations of To-day: Bulgaria and Romania John Buchan, 1924

The Red Army Michel Berchin, Eliahu Ben-Horin, 1942 Analysis of the origin, development, and achievements of the Russian Army

Romania and the Warsaw Pact, 1955-1989 Dennis Deletant, Mihail E. Ionescu, 2004 The Warsaw Pact was perceived by Bucharest political circles as the main instrument of the world of Yalta as it had been established at the end of the Second World War and therefore the concomitant dismantling of the Pact together with NATO became a political aim of the Romanian communist leadership especially during the period of decolonization. This way of viewing the Warsaw Treaty pushed Bucharest into a policy of staying neither inside nor outside of the alliance after the military intervention in Czechoslovakia in 1968. Bucharest understood Moscow's tendency of changing the role of the Warsaw Pact and took steps to oppose it. Its inability to compromise at the right time resulted in its auto-isolation within the communist bloc.

The Second World War: The German war 1943-1945 Jeremy Black, 2007 World War II defined the 20th century and shaped the contemporary world from the decolonization of Africa to the rise and fall of the Berlin Wall. This work offers an overview of this complex and volatile era taking into account the political, economic, and social factors as well as military circumstances of the road to war and its consequences.

National Minorities in Romania Elemér Illyés, 1982

Romania in Harm's Way, 1939-1941 Nicholas Constantinesco, 2004 This book deals with the grave and some insurmountable difficulties encountered by the Romanian state in the period from 1939-1941. Occupying a strategic position and rich in economic resources, Romania was caught between the ambitions of the German Reich and the Soviet Union. An agreement reached between these two powers in 1939 caused Romania to lose territories to her neighbors in the east, west, and south. Their disagreement a year later together with the German promise of recovering such lost territories in the east and west that compelled Romania to join the Axis powers in their military campaign conducted in 1941 against the Soviet Union.
