**Modernism and Morality** M. Halliwell,2001-09-12 Modernism and Morality discusses the relationship between artistic and moral ideas in European and American literary modernism Rather than reading modernism as a complete rejection of social morality this study shows how early twentieth century writers like Conrad Faulkner Gide Kafka Mann and Stein actually devised new aesthetic techniques to address ethical problems By focusing on a range of decadent naturalist avant garde and expatriate writers between 1890 and the late 1930s this book reassesses the moral trajectory of transatlantic fiction

**Paul Auster's Writing Machine** Evija Trofimova,2014-08-28 Paul Auster is one of the most acclaimed figures in American literature Known primarily as a novelist Auster s films and various collaborations are now gaining more recognition Evija Trofimova offers a radically different approach to the author s wider body of work unpacking the fascinating web of relationships between his texts and presenting Auster s canon as a rhizomatic facto fictional network produced by a set of writing tools Exploring Auster s literal and figurative use of these tools the typewriter the cigarette the doppelg nger figure the city Evija Trofimova discovers Auster s writing machine a device that works both as a means to write and as a construct that manifests the emblematic writer figure This is a book about assembling texts and textual networks the writing machines that produce them and the ways such machines invest them with meaning Embarking on a scholarly quest that takes her from between the lines of Auster s work to between the streets of his beloved New York and finally to the man himself Paul Auster s Writing Machine becomes not just a critical investigation but a critical collaboration raising important questions about the ultimate meaning of Auster s work and about the relationship between texts their authors their readers and their critics

**Walking Shadows** Ib Johansen,2015-08-25 Walking Shadows focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon The central importance of these two literary forms has been pointed out earlier by important

theorists such as Stanley Cavell David Reynolds and William Van O Connor A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty first century post structuralism and deconstruction where the classic positions of Foucault Derrida et al still appear to be relevant

*Paul Auster and the Influence of Maurice Blanchot* María Laura Arce,2016-04-05 Poet writer and filmmaker Paul Auster is one of the great contributors to American postmodern literature Influenced by authors like Poe and the hardboiled detective stories of the 1950s Auster s novels represented a new genre of anti detective fiction in which the case itself loses direction and is overshadowed by existential questions Analyzing three of his novels Ghosts 1986 The Music of Chance 1990 and Mr Vertigo 1994 this critical study explores the intertextual relationship between Auster s work and the oeuvre of French writer and critic Maurice Blanchot The author explores Auster s work as a fictionalization of Blanchot s concept of inspiration and the construction of imaginary space

**Paul Auster's Ghosts** María Laura Arce Álvarez,2018-06-13 The following book explores the intertextual relationship between Paul Auster s first and most remarkable work The New York Trilogy 1987 and the works of certain American and European writers who shaped this novel and Auster s future works Auster s The New York Trilogy is a novel formed by an intertextual dialogue which in some cases it is explicit mentioning authors and books intentionally and in others implicit provoked by Auster s admiration for authors such as Samuel Beckett or product of his role as a translator as it occurs with Maurice Blanchot These two different ways of intertextuality essentially show Auster s influence of the American Renaissance Samuel Beckett s fiction and the work of the writer and critic Maurice Blanchot In these terms this book proposes an exhaustive analysis of City of Glass and Herman Melville s Bartleby the Scrivener Ghosts and Edgar Allan Poe s William Wilson and The Locked Room and Nathaniel Hawthorne s Fanshawe The two last chapters also offer a thorough analysis of the whole trilogy in comparison to Samuel Beckett s trilogy Molloy Malone Dies and The Unnamable and finally introduces a study of the trilogy as a fictionalization of Maurice Blanchot s literary theory

**Paul Auster's 'City of Glass' as a Postmodern Detective Novel** Toni Rudat,2007-11 Seminar paper from the year

2006 in the subject English Language and Literature Studies Literature grade 1 3 RWTH Aachen University 13 entries in the bibliography language English abstract PAUL AUSTER s novel City of Glass published in 1985 appeared during the period of the postmodern era 1 Although it is considerably discussed at what time the beginnings of the postmodern era is to be set it is irrefutable that City of Glass belongs to postmodern literature To analyse in how far PAUL AUSTER s City of Glass serves as a representative of the postmodern era and to show the reader in what way postmodern qualities are converted into the writings of that time the main part of this paper will be divided up into two sections The first section serves to define the coming up of this movement and the qualities it possesses within the genre of detective fiction Furthermore some important idealistic features like the idea of reality and identity have to be taken into consideration The short introduction of the two identity constituting models by ERIKSON and MEAD will provide a better overview of the idea of identity formation Within the second section the novel itself will be taken into consideration Therefore it is necessary to take a close look at the main character Daniel Quinn and his character development the crisis of his identity in the course of the novel respectively Besides another striking factor namely the appearance of doublings and triplings of characters has to be clarified as well as the role of the narrator The conclusion at the end of the paper is supposed then to show to what extent City of Glass belongs to postmodern literature and which peculiarities of postmodern writings have been included in this novel Since there are just a few recent publications on Paul Auster and his novels three of them namely An Art of Desire Reading Paul Auster by BERND HERZOGENRATH Crisis The Works of Paul Auster by CARSTEN SPRINGER and the pu American Novelists Since World War II. James Richard Giles,Wanda H. Giles,2000 Contains biographical sketches of writers who either began writing novels after 1945 or have done their most important work since then
