Did you even take a glance at the ingredients list of what soap you're using? I'm pretty sure you have not. It's too long, filled with words you can't even understand, let alone pronounce. It is easy to unknowingly subject your body to the harmful components of these cleaning products because they are readily available. These days we want everything to be fast and accessible; we barely even give it a second thought of how it might affect us, be it positively or negatively. But it's not too late to start treating your skin with the care it truly deserves. The goal of this book is simple: Teaching you all the secrets for having a shiny and soothing skin with organic soaps prepared at home. In the Soap Making Recipes book, you will learn about the equipment you need for making your own soap, the basic techniques and ingredients to produce your homemade soap, how to wrap and preserve your soap, more than 30 recipes to start making your own soap, the cold hot process techniques, decorative techniques, natural additives, colorants, scents, troubleshooting, and common mistakes in soap making, tips and safety reminders on making soaps at home, soap making as a business opportunity, special and seasonal soap recipes, and much more. There are plenty of reasons why you should choose to make your own soaps out of organic ingredients. First of all, making your own soap enables you to take control over what you put in each bar and consequently what you apply to your skin, as well as that of your family's every single day. Soap making can be either very complicated or very simple. It depends only on your approach. Like all things, all it takes is a bit of learning and patience at first. What makes soap making so attractive and amusing is that you have the freedom in selecting what goes in, from the ingredients, scents, and some extras. It's all about what you like. You are creating something that suits you and is also good for you. This is a step to changing your life for the better. It takes commitment to actually put soapmaking into action, but believe me, your skin will thank you. Years from now, you will look back and think, "I'm so glad I made that change." Soap making is a fun addition to your lifestyle, and that's why we are providing a guide to help you start off your life as a beginner soap maker.
