*Distributed Computing and Artificial Intelligence, 11th International Conference* Sigeru Omatsu, Hugues Bersini, Juan M. Corchado, Sara Rodríguez, Paweł Pawlewski, Edgardo Bucciarelli, 2014-05-30 The 11th International Symposium on Distributed Computing and Artificial Intelligence 2014 DCAI 2014 is a forum to present applications of innovative techniques for studying and solving complex problems. The exchange of ideas between scientists and technicians from both the academic and industrial sector is essential to facilitate the development of systems that can meet the ever increasing demands of today's society. The present edition brings together past experience current work and promising future trends associated with distributed computing artificial intelligence and their application in order to provide efficient solutions to real problems. This year's technical program presents both high quality and diversity with contributions in well established and evolving areas of research Algeria Brazil China Croatia Czech Republic Denmark France Germany Ireland Italy Japan Malaysia Mexico Poland Portugal Republic of Korea Spain Taiwan Tunisia Ukraine United Kingdom representing a truly wide area network of research activity. DCAI 14 Special Sessions have been a very useful tool in order to complement the regular program with new or emerging topics of particular interest to the participating community. Special Sessions that emphasize on multi-disciplinary and transversal aspects such as AI driven methods for Multimodal Networks and Processes Modeling and Multi Agents Macroeconomics have been especially encouraged and welcome. This symposium is organized by the Bioinformatics Intelligent System and Educational Technology Research Group <http://bisite.usal.es> of the University of Salamanca. The present edition was held in Salamanca Spain from 4th to 6th June 2014.

Sports Competitions for Adults Over 40 Thomas A. Jones, 2009-06-08 A healthy lifestyle is a popular way to deal with aging but the serious fun and games don't have to end once middle age sets in. This guidebook is aimed at men and women over 40 or 50 or 60 or 70 who seek the challenge of athletic competition. The book focuses on those sports requiring significant physical exertion and includes team sports such as soccer, softball and basketball and individual sports such as skiing, tennis and swimming. Chapters on each sport identify the national sponsoring organization and regional affiliates describe the types of competition available and give a breakdown of the competitors by age and gender. A How to Get Started section describes basic skills needed for each sport equipment required to compete, opportunities for coaching and suggested books and videos for beginners. The book also features a list of the 2007 or 2008 national champions in each sport.

**Pretty Poly** Alex Ireland, 2023-08-14 Pretty Poly tells the fascinating story of the football shirt charting its dramatic evolution over a 150 year period from modest beginnings to a product at the centre of a billion dollar industry. An emblem of everything it means to be a fan the football shirt evokes memories of triumph and disaster and acts as a symbol of belonging to a chosen footballing tribe. Packed with facts, figures and anecdotes Pretty Poly explores the history embedded in every feature of modern day strips. It covers their ever changing shape, the emergence of dedicated club and national colours and the often surprising reasons behind them. It also looks at the companies and

designers behind some of our favourite strips and explores the birth and exponential growth of the replica kit industry Along the way we learn the histories of the iconic sponsors names numbers patches and badges and meet the kit collectors with a burning lifelong passion as we delve into the burgeoning vintage kit market that feeds their interest **RoboCup 2007: Robot Soccer World Cup XI** Ubbo Visser,Fernando Ribeiro,Takeshi Ohashi,Frank Dellaert,2008-07-18 This book constitutes the proceedings of the 11th RoboCup International Symposium held in Atlanta GA USA in July 2007 immediately after the 2007 RoboCupSoccer RoboCupRescue and RoboCupJunior competitions Papers presented at the symposium focused on topics related to these three events and to artificial intelligence and robotics in general The 18 revised full papers and 42 revised poster papers included in the book were selected from 133 submissions Each paper was reviewed by at least three program committee members The program committee also nominated two papers for the Best Paper and Best Student Paper awards respectively The book provides a valuable source of reference and inspiration for R D professionals and educationalists active or interested in robotics and artificial intelligence **Routledge Handbook of Football Business and Management** Simon Chadwick,Daniel Parnell,Paul Widdop,Christos Anagnostopoulos,2018-11-19 Soccer is the world's most valuable sport generating bigger revenues as well as being watched and played by more people than any other It is virtually impossible to understand the business of sport without understanding the football industry This book surveys contemporary football in unparalleled breadth and depth Presenting critical insights from world leading football scholars and introducing football's key organisations leagues and emerging nations it explores key themes from governance and law to strategy and finance as well as cutting edge topics such as analytics digital media and the women's game This is essential reading for all students researchers and practitioners working in football sport business sport management or mainstream business and management **Legacies of Great Men in World Soccer** Kausik Bandyopadhyay,2017-10-02 Soccer the world's most popular mass spectator sport gives birth to great achievers on the field of play all the time While some of them become heroes and stars during their playing career transforming themselves into national as well as global icons very few come to be remembered as all time greats They leave an enduring legacy and thereby claim to be legends by their own rights While the rise and achievements of these soccer greats have drawn considerable attention from scholars across the world their legacies across time and space have mostly been overlooked This volume intends to reconstruct the significance of the legacies of such great men of world soccer particularly in a globalized world It will attempt to show that these luminous personalities not only represent their national identity at the global stage but also highlight the proven role of the players or coaches in projecting a global image cutting across affiliations of nation region class community religion gender and so on In other words the true heroes icons and legends of the world's most popular sport have always floated at a transnational global space transcending the limits of space identity or culture of a nation This book was published as a special issue of Soccer and Society
