Social Studies Our Canada Study Guide:

Resources in Education ,1988 Creating Canada's Peacekeeping Past Colin McCullough,2016-10-07 Peacekeeping
Despite efforts to relegate it to the past what was once a central pillar in Canada's national identity has been making a comeback in recent years Creating Canada's Peacekeeping Past illuminates how participation in the United Nations peacekeeping efforts from 1956 to 1997 became central to national self identification in both English and French Canada Delving into four decades worth of political rhetoric newspaper coverage textbooks and more Colin McCullough outlines continuity and change in the production and reception of messages about peacekeeping He demonstrates that those who produced messages about peacekeeping often overlooked the particularities of individual missions preferring to link their cultural products to political discourses about national identity Engaging in debates about Canada's international standing as well as its broader national character this book is a welcome addition to the history of Canada's changing national identity
