Beginner's Yoruba Kayode J. Fakinlede,2005 Beginner's Yoruba is now available with two accompanying audio CDs It provides an introduction to the Yoruba language which is spoken by over 30 million people in south western Nigeria parts of the Benin Republic and Togo as well as in the diaspora populations of Brazil Cuba and Haiti The 15 lessons are designed for both classroom use and self study Practice dialogues combined with grammatical explanations aid the student in understanding the basics of the language Each lesson also contains a vocabulary section that highlights the important aspects of its featured topic The audio CDs which complement the lessons help the student easily master the language's unique tones and vowel sounds often considered the most difficult aspect of the language to learn Quizzes and practice exercises are integrated into the lessons to help reinforce the material The book also includes information on various aspects of Yoruba culture including religion songs and folklore

The Marble Room Bill Hatcher,2012

Brought up in an evangelical household in the Bible Belt Hatcher's religion had provided no answers to his parents broken marriage or his own divorce The key to his salvation would come from a most unlikely source a flyer calling for Peace Corps volunteers As a geography teacher at an all girls boarding school in Tanzania he's expected broaden his students horizons but instead it is his own worldview that is challenged Through tragedy and triumph by questioning the very core of his being he manages to escape the confines of his marble room and gain a new understanding of himself and God

The Linguistics of Temperature

Maria Koptjevskaja-Tamm,2015-02-11 The volume is the first comprehensive typological study of the conceptualisation of temperature in languages as reflected in their systems of central temperature terms hot cold to freeze etc The key issues addressed here include questions such as how languages categorize the temperature domain and what other uses the temperature expressions may have e.g. when metaphorically referring to emotions warm words The volume contains studies of more than 50 genetically diverse and typologically diverse languages and is unique in considering cross linguistic patterns defined both by lexical and grammatical information The detailed descriptions of the linguistic and extra linguistic facts will serve as an important step in teasing apart the role of the different factors in how we speak about temperature neurophysiology cognition environment social cultural practices genetic relations among languages and linguistic contact The book is a significant contribution to semantic typology and will be of interest for linguists psychologists anthropologists and philosophers
