The Unruly Life of Woody Allen Marion Meade,2014-04-01 A psychologically nuanced tough minded portrait of the New York filmmaker and his relationships with Mia Farrow and Soon Yi Previn Publishers Weekly Writer director actor humorist Woody Allen stands as one of our era s most celebrated artists Starting in the 1950s Allen began crafting a larger than life neurotic persona that has since entertained and enlightened millions In his films widely thought to be

autobiographical explorations of his own comic fears and fixations Allen carefully controlled the public's view of him as a lovable scamp. But that all came crashing down the day Mia Farrow found a Polaroid on her mantle. What followed was a flurry of sensational headlines and legal battles. His relationship with Soon Yi Previn, thirty-four years his junior and the step daughter of his longtime girlfriend, caused shockwaves in the public's perception of the director. Yet few biographers and journalists have explored what happened and why. In this the first deep investigation of Allen's life and the events surrounding his split with Farrow, biographer Marion Meade tracks down dozens of friends, actors, neighbors and film historians. They open up with insights and details rare in the world of wealth and celebrity. What results is a fascinating portrait of a flawed genius as adept at constructing his own image as he is at crafting films. Rereleased and updated, this is an unauthorized biography that neither Woody Allen's fans nor his detractors will be able to put down. The revised and updated edition was reviewed in the *Wall Street Journal* in 2013 by Carl Rollyson in a roundup of the five best Hollywood biographies.

Children's Books in Print R R Bowker Publishing, Bowker, 1999-12 Art in America Frank Jewett Mather, Frederic Fairchild Sherman, 1996-05 Creature Feetures Kristi Simpson, 2016.
