Research Handbook on University Rankings Hazelkorn, Ellen, Mihut, Georgiana, 2021-12-10 Gathering unique and thoughtful contributions from leading international scholars this timely Research Handbook offers diverse perspectives on university rankings twenty years after the first global rankings emerged It presents an in depth analysis that reflects the current state of research on rankings their influence and impact *Quality in Higher Education* David Andrew Turner, 2012-01-01 The quality of higher education is a hot topic especially as students around the world are asked to pay more towards their own education and expect to get what they pay for In addition league tables both national and international have come to dominate discussion with several governments and many institutions setting themselves the goal of improving their ratings In this volume Professor Turner examines the assumptions that are being made about what counts as quality and what the traditional purposes of universities are But with the growth of mass higher education and the rise of student centred approaches to learning and teaching it has become increasingly clear that high quality education is education that meets the needs of the student at that particular moment and promotes their future development After examining a range of different approaches to the quality of higher education and its measurement Professor Turner develops an approach to benchmarking and quality enhancement that is better suited to the ethos of individualised learning and uses it to critique the philosophies that have dominated debates about quality to date This book will be of interest to scholars of higher education but also has something important to add to debates that engage policy makers in higher education It provides a background to the historical development of universities which might help postgraduate students and new members of faculty understand the process in which they are engaged **Rankings and the Reshaping of Higher Education** Ellen Hazelkorn, 2015-03-23 University rankings have gained popularity around the world and are now a significant factor shaping reputation This second edition updates Ellen Hazelkorn's first comprehensive study of rankings from a global perspective drawing in new original research and extensive analysis It is essential reading for policymakers managers and scholars **U.S. News & World Report**, 2007 **Standing for Reason** John Sexton, 2019-04-04 A powerful case for the importance of universities as an antidote to the secular dogmatism that increasingly infects political discourse John Sexton argues that over six decades a secular dogmatism impenetrable by dialogue or reason has come to dominate political discourse in America Political positions elevated to the status of doctrinal truths now simply are revealed Our leaders and our citizens suffer from an allergy to nuance and complexity and the enterprise of thought is in danger Sexton sees our universities the engines of knowledge and stewards of thought as the antidote and he describes the policies university leaders must embrace if their institutions are to serve this role Acknowledging the reality of our increasingly interconnected world and drawing on his experience as president of New York University when it opened campuses in Abu Dhabi and Shanghai Sexton advocates for global network universities as a core aspect of a new educational landscape and as

the crucial foundation blocks of an interlocking world characterized by secular ecumenism **Like Nobody's Business**
 Andrew C. Comrie, 2021-02-23 How do university finances really work From flagship public research universities to small private liberal arts colleges there are few aspects of these institutions associated with more confusion myths or lack of understanding than how they fund themselves and function in the business of higher education Using simple approachable explanations supported by clear illustrations this book takes the reader on an engaging and enlightening tour of how the money flows How does the university really pay for itself Why do tuition and fees rise so fast Why do universities lose money on research Do most donations go to athletics Grounded in hard data original analyses and the practical experience of a seasoned administrator this book provides refreshingly clear answers and comprehensive insights for anyone on or off campus who is interested in the business of the university how it earns its money how it spends it and how it all works

Ebook: Business Driven Information Systems Paige Baltzan, Amy Phillips, 2014-10-16 Business Driven Information Systems 4e discusses various business initiatives first and how technology supports those initiatives second The premise for this unique approach is that business initiatives should drive technology choices Every discussion first addresses the business needs and then addresses the technology that supports those needs This updated edition provides the foundation that will enable students to achieve excellence in business through its updated case studies closing cases technology plug ins expanded IT topics and new project management content Business Driven Information Systems is designed to give students the ability to understand how information technology can be a point of strength for an organization and McGraw Hill's online learning and assessment solution Connect MIS helps students apply this knowledge *College Education Version 2.0* Lisa
