"WE ARE DESTINED FOR GREATNESS"

Chief Guest, The Chancellor, Vice Chancellor, Deputy Vice-Chancellors Principals of Colleges, Deans, Directors, our beloved teachers, parents my colleague graduands and all protocols observed; Distinguished Guest, Ladies and Gentlemen. Good morning!

I am humbled to address such a wonderful gathering here today – all under the umbrella of cherishing success. History brings us here through a long winding trip that can only be defined by the faithful as a miracle. It is a miracle to those of us who only witnessed others rewarded but never thought about the dawn of our day. Now it is our turn. Our turn to take those powers to read and do all that appertains to the degree.

On behalf of my colleague graduands, I hereby extend our sincere gratitude and appreciation to all of you who gave us this opportunity. You have proved to us that indeed hard work pays.

To our parents, thank you for understanding that the only inheritance you could dedicate to us was this education. We promised never to let you down and today you can attest to this. We did that and we have successfully completed our task. To God be all the glory.

A Guide for 21st Century High School Students Jason Robert, 2021-01-19 Student life can be exhilarating and challenging Society may not even realise what exactly high school students experience day in and day out There probably has not been a single book that serves to guide high school students on various aspects of their life both during school hours and beyond school hours Thus this book endeavours to be a guide for 21st century high school students by covering various aspects of school life including their inextricable attachment to social media It is hoped that it will be a gripping and enlightening read for 21st century students of all year levels

Bi Ritch C. Savin-Williams, 2023-06-13 Despite the increasing visibility of LGBTQ people in American culture our understanding of bisexuality remains superficial at best Yet five times as many people identify as bisexual than as gay or lesbian and as much as 25 percent of the population is estimated to be bisexual In Bi noted scholar of youth sexuality Ritch Savin Williams brings bisexuality to centerstage at a moment when Gen Z and millennial youth and young adults are increasingly rejecting traditional labels altogether Drawing on interviews with bisexual youth from a range of racial ethnic and social class groups he reveals to us how bisexuals define their own sexual orientation and experiences in their own words Savin Williams shows how and why people might identify as bisexual as a result of their biology or upbringing as a bridge or transition to something else as a consequence of their curiosity or for a range of other equally valid reasons Amazon.com Real

Communication: An Introduction with Mass Communication Dan O'Hair, Mary Wiemann, 2012-01-16 Real Communication uses stories from real people and the world around us to present the best and most lively introduction to communication concepts. Professors and students alike have fallen in love with Real Communication's down-to-earth writing style, its coverage of research, and its wealth of learning and teaching tools. They also appreciate how Real Communication strives to weave the discipline's different strands together with the CONNECT feature that shows students how concepts work and apply across interpersonal, small group, public speaking, and mass media contexts. The Second Edition is even better with a broader array of engaging examples, new coverage of hot topics in the field like Intercultural and mediated communication, plus a public speaking unit honed to provide the essential information students need for this fast-paced course. A new chapter on mass communication connects topics like media convergence, mediated communication, media messages, and media effects to everyday communication.

Ignition Matthew Moseley, 2021-05-31 Ignition is a book of dispatches from the frontlines of communication strategy. Matthew L. Moseley draws on his eclectic life experiences to investigate the link between success and effective communication. Whether he's choreographing a fine dining experience at the top restaurant in America, using rock stars to register voters, helping a national chain save its reputation after a gaffe goes viral, or serving as media liaison at the epic ash-blast send-off for author Hunter S. Thompson, Moseley identifies the principles that guide communication strategies toward their goals. In extensive interviews with a wide variety of experts including authors, fighter pilots, business leaders, politicians, and astrophysicists, Moseley tests these principles, teases out new provocative ideas, and anticipates how forming stronger connections will help us address today's greatest challenges. Though it tackles serious subjects, it offers an illuminating perspective on the evolution of human discourse and shares important insights on interpersonal relations. Ignition is also a good fun read. A broad range of colorful anecdotes gives this book of philosophical wisdom and practical advice the zest of a juicy memoir.
