Excel 2007 Matthew MacDonald, 2006 Microsoft Excel continues to grow in power sophistication and capability but one thing that has changed very little since the early 90s is its user interface The once simple toolbar has been packed with so many features over the years that few users know where to find them all Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use

Unfortunately Microsoft's documentation is as scant as ever so even if users can find advanced features they probably won't know what to do with them Excel 2007 The Missing Manual covers the entire gamut of how to build spreadsheets add and format information print reports create charts and graphics and use basic formulas and functions Like its siblings in the Missing Manual series this book crackles with a fine sense of humor and refreshing objectivity about its subject guiding readers through the new Excel with clear explanations step by step instructions lots of illustrations and friendly time saving advice It's a perfect primer for small businesses with no techie to turn to as well as those who want to organize household and office information **Business 2.0**, 2007 **Special Edition Using Microsoft Office Excel 2007** Bill

Jelen, 2002-12-05 THE ONLY EXCEL BOOK YOU NEED We crafted this book to grow with you providing the reference material you need as you move toward Excel proficiency and use of more advanced features If you buy only one book on Excel Special Edition Using Microsoft Office Excel 2007 is the book you need Does your life play out in a spreadsheet Do numbers in columns and rows make or break you in the work world Tired of having numbers kicked in your face by other Excel power users who make your modest spreadsheets look paltry compared to their fancy charts and pivot tables If you answered yes to any of these questions Special Edition Using Microsoft Office Excel 2007 is the book that will make it all better Learn quickly and efficiently from a true Excel master using the tried and true Special Edition Using formula for success Here you'll find information that's undocumented elsewhere even in Microsoft's own Help systems You'll learn from finely crafted real life examples built by an author who lives and dies by the integrity of his spreadsheets Excel's backbone is its formulas and functions Master those and you will master your spreadsheets Special Edition Using Microsoft Office Excel 2007 provides more down and dirty help with your formulas and functions than you'll find in any other book See how it's done in real life Don't settle for lame pivot table and chart examples found in other books This book provides beautifully detailed examples that not only show you how it should be done but how to be the local worksheet hero **E-music** James
