Summary of We Are The Nerds by Christine Lagorio-Chafkin QuickRead, Lea Schullery, An inside look on Reddit's tumultuous yet successful life as a company changed the way people communicate and think about the internet Have you ever heard of the online platform Reddit Many people haven't but surprisingly it's become the sixth most viewed website in the United States However success didn't come easy In We Are The Nerds Christine Lagorio Chafkin discusses the birth and tumultuous life of Reddit The book covers the creators Alexis Ohanian and Steve Huffman as they were given an idea and loan and created one of the most visited websites in today's world But when Reddit became an offensive space for hatred violence sex and antisemitism the stress of how to address the user's freedom of speech became difficult to navigate Now with censorship rules and new profitable elements Reddit has become a 1.8 billion company and has become the unofficial front page of the internet Do you want more free book summaries like this Download our app for free at <https://www.QuickRead.com>
