In 1897 only two years after the invention of film the first feature film about Jesus appeared This and other films about Jesus became examples for and an inspiration for films on other important religious figures like Rama Buddha and Muhammad Although religious leaders did not always approve of these films they did find a ready audience among believers This book explores these films and looks at how these films dealt with the fundamental question of portraying an individual thought to have either divine status or a very special and unique status among human beings This book will thus benefit not only students of religious film but also those studying the portrayal of central religious figures in the contemporary world

The bestselling *Why Trust the Bible* reassures Christians about the reliability of the Bible. Dr Timothy Paul Jones examines six claims and shows what logic and history actually tell us. *Why Trust the Bible* Gives a Critique of Bart Ehrman's *Misquoting Jesus*. Claim The Gospels were written long after Jesus lived and were written by people who weren't eyewitnesses. Claim The stories about Jesus' life and death were not handed down reliably and not recorded accurately. Claim The Bible is full of textual errors as proven by the Dead Sea Scrolls. Claim The New Testament wasn't finalized until hundreds of years after Jesus and his disciples so there could have been many other gospels accepted and later rejected in addition to the four Gospels found in the Bible today. Claim The originals of the Bible are lost therefore we have no way of knowing what it actually said. Claim The Bible was edited by scribes or powerful people who had an agenda and changed many teachings. Jones shows that the biblical story and text were passed down with amazing reliability. And the Bible was hand copied for centuries with remarkable accuracy.
