**The SAGE Handbook of Qualitative Research** Norman K.

Denzin, Yvonna S. Lincoln, Michael D. Giardina, Gaile S. Cannella, 2023-04-07 This new edition of the SAGE Handbook of Qualitative Research represents the sixth generation of the ongoing conversation about the discipline practice and conduct of qualitative inquiry. As with earlier editions, the Sixth Edition is virtually a new volume with 27 of the 34 chapters representing new topics or approaches not seen in the previous edition including intersectionality, critical disability research, postcolonial and decolonized knowledge, diffraction, and intra-action social media methodologies, thematic analysis, collaborative inquiry from the borderlands, qualitative inquiry and public health science, co-production, and the politics of impact publishing qualitative research and academic survival. Authors in the Sixth Edition engage with questions of ontology and epistemology, the politics of the research act, the changing landscape of higher education, and the role qualitative researchers play in contributing to a more just, egalitarian society. To mark the Handbook's 30 year history, we are pleased to offer a bonus PART VI in the eBook versions of the Sixth Edition; this additional section brings together and reprints ten of the most famous or game-changing contributions from the previous five editions. You can bundle the print eBook version with bundle ISBN 978-1-0719-2874-5.
