

Flared Vase Display

Place the arrangement along the rim of the vase, and reduce the other two sections.

When arranging red tulips, use a light green spray carnation with their tulips, immediately adding dimension and balance.

3 Fill in the spaces with the remaining tulips and carnations. Keep the tulips closer toward the center and angle the leaves to follow the line of the flower heads.

Keep a smaller tulip arrangement and the rest will provide higher volume for contrast.

ARRANGING TIP: If the arrangement is placed on a curved surface, the arrangement will appear, and the flowers and foliage, from a distance, will follow the curve. The arrangement is slightly wider where it is flared.
