The Discerning Heart Wilkie Au, 2006 Decision Making & Spiritual Discernment Nancy L. Bieber, 2012-12-14 Stay spiritually grounded and open to divine wisdom as you shape your life To make wise decisions we need the aid of that wise and loving Spirit whose wisdom and light exceed our own With the Spirit illuminating the complexities of our decisions we can see and understand more about ourselves and our choices from the Introduction Spiritual discernment is the traditional name for listening and responding to divine guidance In this book you will approach decision making as an active participant a co creator with God in shaping your life Drawing on twenty five years of experience as a psychologist and fifteen years as a spiritual director Nancy L Bieber presents three essential aspects of Spirit led decision making Willingness being open to God s wisdom and love Attentiveness noticing what is true discerning the right path Responsiveness taking steps forward as the way becomes clear With gentle encouragement Bieber shows how to weave these themes together to discover the best path for you Each chapter is enriched by practical spiritual exercises to help you understand yourself and your specific situation as well as to strengthen spiritual discernment as a daily way of life An appendix includes a detailed guide for using the book in group study **Conformed to the Image of Christ** Bryan Shuler, 2025-07-08 How do we know that our spiritual experiences are authentic Christian theologians from the early church until today have consistently acknowledged the possibility of spiritual deception and a rich heritage exists on the study of spiritual discernment Throughout history scholars studying spiritual discernment have identified specific criteria by which believers can measure the authenticity of their spiritual experiences One possible criterion that has gone mostly unnoticed is the image of God In this book Bryan Shuler brings together an examination of the nature of spiritual experiences with the history of spiritual discernment criteria and recent developments on the theology of the image of God in order to show that authentic spiritual experiences will always conform to or lead believers to grow in conformity with the image of God in structural functional and relational aspects This book balances the particularities of Christ and Christian doctrine with the plurality of authentic expressions of Christian spirituality showing the variety of ways in which conformity to the image of God can manifest **The Soul of Discernment** Elizabeth Liebert, 2015-08-24 The Soul of Discernment provides concrete steps for groups of people who work together and need to make important decisions church sessions nonprofit hiring committees etc Liebert calls this process the Social Discernment Cycle a process for seeking God s call in a particular situation It is called social because it deals primarily with human communities in their social structural rather than interpersonal aspects Liebert explains It is a cycle because one completed round of discernment prepares for the next The Social Discernment Cycle is particularly apt for any discernment that involves a structure system or institution This book helps groups work through this cycle to answer the question How is God leading us individually or together to act in this particular moment in our organization *Living into the Answers* Valerie K. Isenhower, Judith A. Todd, 2022-09-14 What do I do now Face life s forks in the road and write your own future

fearlessly Be guided to your own wisdom within the context of the always present divine voice Living into the Answers teaches a way to ask for and receive God's guidance as you approach an issue or choice Large or small the decisions of life point toward particular paths write Isenhower and Todd Paying attention to the process of discerning God's desire for our life starts us on a journey that leads to abundant life It opens us to a larger number of life choices and to a more interactive relationship with God who calls us for future possibilities Discernment isn't magic It isn't passive Discernment isn't a complicated mystical practice Rather it's a process of listening and choosing based on the understanding that God is to be at the center of decision making The authors explain how to live in a way that satisfies the yearning for a deeper connection with the spiritual There may not always be one right answer because there's no shortcut to knowing which job to take house to buy or relationship to pursue But we don't have to make these decisions alone As people of faith we know every aspect of our lives is important to God who created us for a purpose Living into the Answers is an inspiring and practical personal workbook that introduces tools and practices that invite God in as we consider priorities and alternatives guides us to create prayerfully considered options helps us live with the confidence that God will use our choices to invite us into a deeper and more fruitful relationship With Isenhower and Todd as your guides you'll learn how to make every decision an opportunity for living in God's presence more deeply
