The Democratic Promise The Individual Within The Community Postcolonial Studies

Joyce M. Wilson

The Democratic Promise The Individual Within The Community Postcolonial Studies:

The Democratic Promise Constance Goh, 2012 The Democratic Promise engages Slavoj Žižek's psychoanalytic and cultural reading of politics and terror Jacques Rancière's concept of the partition of the sensible Alain Badiou's ethics and politics and Jacques Derrida's thoughts on philosophy in a time of terror in order to radically rethink politics in and through aesthetics as analogies of political subjectivity This book interrogates the a priori rights of an individual as universally declared and what these mean in terms of human agency By revisiting the philosophical writings of the Western continental tradition through the eyes of contemporary political thinkers it not only delves into the current debate on democracy but also investigates the connection between exceptionality and democracy Constance Goh asserts here that international or intra-national conflicts persist despite the global emphasis on cultural diversity and consideration because of the politics of recognition The Democratic Promise also examines the media politics of China and Tibet's fraught relations so as to argue that Derrida's democracy to come necessitates an other principle an extra normative tolerance he calls *hospitality* a host unintentionally transporting a singular other via the vehicle of aesthetics The Promise of Dialogue Louise

Phillips, 2011-10-26 It has become commonplace to employ dialogue based approaches in producing and communicating knowledge in diverse fields Here dialogue has become a buzzword that promises democratic participatory processes of mutual learning and knowledge co-production But what does dialogue actually entail in the fields in which it is practised and how can we analyse those practices in ways that take account of their complexities The Promise of Dialogue presents a novel theoretical framework for analysing the dialogic turn in the production and communication of knowledge that builds bridges across three research traditions dialogic communication theory action research and science and technology studies It also provides an empirically rich account of the dialogic turn through case studies of how dialogue is enacted in the fields of planned communication public engagement with science and collaborative research A critical reflexive approach is taken that interrogates the complexities tensions and dilemmas inherent in the enactment of dialogue and is oriented towards further developing dialogic practices from a position normatively supportive of the dialogic turn *Kwame Anthony Appiah*

Christopher J. Lee, 2021-05-23 This clear and engaging introduction is the first book to assess the ideas of Kwame Anthony Appiah the Ghanaian British philosopher who is a leading public intellectual today The book focuses on the theme of identity and is structured around five main topics corresponding to the subjects of his major works race culture liberalism cosmopolitanism and moral revolutions This helpful book Teaches students about the sources opportunities and dilemmas of personal and social identity whether on the basis of race gender sexuality or class among others in the purview of Appiah Locates Appiah within a broader tradition of intellectual engagement with these issues involving such thinkers as W E B Du Bois John Stuart Mill and Martha Nussbaum and thus how Appiah is both an inheritor and innovator of preceding ideas Seeks to inspire students on how to approach and negotiate identity politics in the present This book ultimately imparts a more

diverse and wider reaching geographic sense of philosophy through the lens of Appiah and his intellectual contributions as well as emphasizing the continuing social relevance of philosophy and critical theory more generally to everyday life today

American Literary Realism and the Failed Promise of Contract Brook Thomas, 2023-04-28 In *American Literary Realism and the Failed Promise of Contract* the author explores the interplay between contract law and literary realism in late nineteenth century America a time when both contract law and realism shaped cultural legal and social landscapes The text argues that while contract law in theory emphasized the freedom to negotiate obligations among individuals it fell short in practice by failing to dismantle deeply entrenched inequalities associated with race class and gender The era's literature mirrored this dynamic as authors highlighted the gap between the idealized promises of contractual freedom and the enduring constraints of status Through this lens literary realism not only reflected society's inequities but also critiqued the legal and social systems that perpetuated them Realism which sought to represent everyday life in a grounded unembellished way intersected with the contract's promise by portraying social relations as complex and negotiated yet constrained by systemic hierarchies Works like Twain's *Adventures of Huckleberry Finn* and James's *The American* evoke moments where relationships of status could theoretically transform into equitable contractual interactions However these fictional moments of promise often falter reflecting contract's inability to establish a truly egalitarian social order The rise of corporate capitalism further complicated contract's promise as corporations fostered a form of economic structure that subordinated individual agency reinforcing rather than alleviating social inequities The text also considers how these issues resonate today especially as contractual ideals influence contemporary notions of social justice While the promise of contract continues to appeal to a vision of equal opportunity the persistent influence of race class and gender hierarchies complicates its realization The author suggests that revisiting works of realism offers valuable insights into these ongoing tensions challenging readers to reimagine a society where individuals might genuinely be free and equal not just in theory but in practice In doing so this book presents realism not as an endorsement of the status quo but as a field of critical inquiry urging us to address the unresolved questions about equity that persist in American society This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997

The Palgrave Handbook of European Migration in Literature and Culture Corina Stan, Charlotte Sussman, 2023-11-20 The *Palgrave Handbook of European Migration in Literature and Culture* engages with migration to within and from Europe foregrounding migration through the lenses of historical migratory movement and flows associated with colonialism and postcolonialism With essays on literature film drama graphic novels and more the book addresses migration and media hostile environments migration and language migration and literary experiment migration as palimpsest

and figurations of the migrant Each section is introduced by one of the handbook's contributing editors and interviews with writers and film directors are integrated throughout the volume The essays collected in the volume move beyond the discourse of the refugee crisis to trace the historical roots of the current migration situation through colonialism and decolonization

Democracy - Crises and Changes Across the Globe Helder Ferreira do Vale, 2024-04-10 Since the Great Recession in 2008 the world has been going through a crisis of democracy that is changing the way we think about politics and society Nowadays it is ever more apparent that democracies have limitations and are susceptible to decline This decline occurred with the expansion of powers of prime ministers and presidents the increasing hostility against political opponents the rise of ultra right parties and the growing political polarization This book offers a fresh analysis of countries that have witnessed democratic decline such as Brazil Mexico Nigeria Poland and Spain It also looks at examples of democratic innovations such as the use of digital politics in Brazil and Hungary the establishment of democratic schools in Israel the implementation of parenting norms in Norway and the response to domestic violence in Germany and Iran In addition the book helps us learn more about how religion the party system and the growth of renewable resources affect democratic politics

India's Revolutionary Inheritance Chris Moffat, 2019-01-10 What do anti colonial histories mean for politics in contemporary India How can we understand a political terrain that appears crowded with the dead heroic figures from past struggles who call the living to account and demand action What role do these afterlives play in the inauguration of new politics and the fashioning of possible futures In this engaging and innovative analysis of anti colonial afterlives in modern South Asia Chris Moffat crafts a framework that takes the dead seriously not as passive entities ceremonially invoked but as active interlocutors and instigators in the present Focusing on the iconic revolutionary martyr Bhagat Singh 1907 1931 Moffat establishes the problem of inheritance as central to the forms and futures of democracy in this postcolonial polity Tracing Bhagat Singh's revenant presence in India today he demonstrates how living communities are animated by a sense of obligation duty or debt to the dead

Ghost Citizens Jamie Chai Yun Liew, 2024-02-22T00:00:00Z *Ghost Citizens* is about in situ stateless people persons who live in a country they consider their own but which does not recognize them as citizens Liew develops the concept of the ghost citizen to understand a global experience and a double oppression of being invisible and feared in law The term also refers to two troubling state practices ghosting their own citizens and conferring ghost citizenship casting persons as foreigners without legal proof Told through an examination of law legal processes and interviews with stateless persons and their advocates this deeply researched book examines international and domestic jurisprudence as well as administrative decision making to show an emerging practice where states are pointing to a mother figure constructed in law as racialized foreign and potentially disloyal to depict persons as not kin and therefore the responsibility of other states By tracing British colonial legal vestiges in the case study of Malaysia Liew shows how contemporary post colonial democratic and multi juridical states deploy law and its processes and historical ideas of racial

categories to create and maintain statelessness This book challenges established norms of state recognition and calls for a discussion of ideas borrowed from other areas of law including Indigenous legal traditions and family law on how we should organize our communities with more respectful relations and treatment among kin **Social Text** ,2005 America, History and Life ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada

A First Nations Voice in the Australian Constitution Shireen Morris,2020-08-06 This book makes the legal and political case for Indigenous constitutional recognition through a constitutionally guaranteed First Nations voice as advocated by the historic Uluru Statement from the Heart It argues that a constitutional amendment to empower Indigenous peoples with a fairer say in laws and policies made about them and their rights is both constitutionally congruent and politically achievable A First Nations voice is deeply in keeping with the culture design and philosophy of Australia s federal Constitution as well as the long history of Indigenous advocacy for greater empowerment and self determination in their affairs Morris explores the historical political theoretical and international contexts underpinning the contemporary debate before delving into the constitutional detail to craft a compelling case for change **Perspectives** ,2001 **Sociological Abstracts** ,2004-04 **Public Culture** ,1995 *Economic and Political Weekly* ,1994-04 Intermedia ,1982 **Book Review Index - 2009 Cumulation** Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year Canadian Book Review Annual Joyce M. Wilson,2001 Alternative Press Index ,2001 **Comparative Government and Cultures** Universal Reference System,Alfred De Grazia,Carl E. Martinson,John B. Simeone,1969

The Enigmatic Realm of **The Democratic Promise The Individual Within The Community Postcolonial Studies**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **The Democratic Promise The Individual Within The Community Postcolonial Studies** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those that partake in its reading experience.
