Louis Ginzberg

These Are The Generations:

Generations Judith Burnett, 2016-04-15 *Generations The Time Machine in Theory and Practice* challenges the fragmented and diverse use of the concept of generation commonly found in the social sciences. It approaches the concept in a manner that stretches the sociological imagination away from its orientation toward the present by building the concept of the passage of time into our understanding of the social. It proposes an innovative and exciting view of the field of generations, lifting it out from life course and cohort analysis and reconstituting the area with fresh and dynamic ways of seeing. With its unique intellectually innovative and sustained critical study of generational work, *Generations* will appeal to scholars across a range of social sciences and humanities and will be of particular interest to social theorists and anthropologists as well as sociologists of social history, consumption, identity, and culture. ECEL 2018 17th European Conference on e-Learning Klimis Ntalianis, Antonios Andreatos, Cleo Sgouropoulou, 2018-11-01 The European Conference on e-Learning was established 17 years ago. It has been held in France, Portugal, England, The Netherlands, Greece, and Denmark, to mention only a few of the countries who have hosted it. ECEL is generally attended by participants from more than 40 countries and attracts an interesting combination of academic scholars, practitioners, and individuals who are engaged in various aspects of e-Learning. Among other journals, the *Electronic Journal of e-Learning* publishes a special edition of the best papers presented at this conference. The First-Time Manager Loren B. Belker, Jim McCormick, Gary S. Topchik, 2012-01-30 What's a rookie manager to do? Faced with new responsibilities and in need of quick, dependable guidance, novice managers can't afford to learn by trial and error. *The First Time Manager* is the answer, dispensing the bottom-line wisdom they need to succeed. A true management classic, the book covers essential topics such as hiring and firing, leadership, motivation, managing time, dealing with superiors, and much more. Written in an inviting and accessible style, the revised sixth edition includes new material on increasing employee engagement, encouraging innovation and initiative, helping team members optimize their talents, improving outcomes, and distinguishing oneself as a leader. Packed with immediately usable insight on everything from building a team environment to conducting performance appraisals, *The First Time Manager* remains the ultimate guide for anyone starting his or her career in management.
