The Deadly Truth The Deadly Truth:

The Deadly Truth Helen McCloy, 1946 **Nietzsche and Modern Times** Laurence Lampert, 1993-01-01 This major work by Laurence Lampert provides a new interpretation of modern philosophy by developing Nietzsche's view that genuine philosophers set out to determine the direction of culture through their ideas and that they conceal the radical nature of their thought by their esoteric style From this Nietzschean perspective Francis Bacon and Ren Descartes can be considered the founders of modernity Lampert argues that Bacon's positive claims for science aimed to destroy the dominance of Christianity Descartes continued Bacon's radical program while providing it with the mathematical physics required for its success Far from being solely an epistemological and metaphysical thinker says Lampert Descartes was a master writer whose comic ridicule helped bring down the Church to which he paid lip service Both Bacon and Descartes used the Platonic art of dissimulation to achieve their ends by making their revolutionary aims appear compatible with Christianity Once we recognize Bacon and Descartes as legislators of modern times in a specifically Nietzschean sense we can also see Nietzsche in a new way as the first thinker to have understood modern times and transcended it in a postmodern worldview According to Lampert Nietzsche provides a new foundation for culture a joyous science that reveals the grandeur and purposeless play of the cosmic whole and yet avoids enervating despair or destructive dogmatic belief Leo Strauss and Nietzsche Laurence Lampert, 1996 For Lampert Strauss's essay is equally important for understanding Strauss himself Lampert's Strauss is a sympathetic admirer of Nietzsche and his teachings who ultimately situates him in the company of Plato and elevates understanding the contest between Plato and Nietzsche into the highest task facing contemporary or postmodern philosophy Why then should Strauss have kept this admiration hidden while permitting such a distorted public view of his thought And why should he have discouraged others from appreciating the teachings that had proved so important to his own philosophical liberation and training According to Lampert the answers lie in Strauss's own esoteric writing full of subtexts implications and consequences Strauss conceived of philosophy as a furtive undertaking and believed Nietzsche had rejected the necessity of this role for philosophy in favor of a daring candor *Leo Strauss on Nietzsche's Thus Spoke Zarathustra* Leo Strauss, 2022-12-22 Although Leo Strauss published little on Nietzsche his lectures and correspondence demonstrate a deep critical engagement with Nietzsche's thought One of the richest contributions is a seminar on Nietzsche's *Thus Spoke Zarathustra* taught in 1959 during Strauss's tenure at the University of Chicago In the lectures Strauss draws important parallels between Nietzsche's most important project and his own ongoing efforts to restore classical political philosophy With *Leo Strauss on Nietzsche's Thus Spoke Zarathustra* eminent Strauss scholar Richard L Velkley presents Strauss's lectures on *Zarathustra* with superb annotations that bring context and clarity to the critical role played by Nietzsche in shaping Strauss's thought In addition to the broad relationship between Nietzsche and political philosophy Strauss adeptly guides readers through Heidegger's confrontations with Nietzsche laying out Heidegger's critique of Nietzsche's will to

power while also showing how Heidegger can be read as a foil for his own reading of Nietzsche The lectures also shed light on the relationship between Heidegger and Strauss as both philosophers saw Nietzsche as a central figure for understanding the crisis of philosophy and Western civilization Strauss's reading of Nietzsche is one of the important yet little appreciated philosophical inquiries of the past century both an original interpretation of Nietzsche's thought and a deep engagement with the core problems that modernity posed for political philosophy It will be welcomed by anyone interested in the work of either philosopher

The German Stranger William H. F. Altman, 2012-06-07 Leo Strauss's connection with Martin Heidegger and Carl Schmitt suggests a troubling proximity to National Socialism but a serious critique of Strauss must begin with F H Jacobi While writing his dissertation on this apparently Christian opponent of the Enlightenment Strauss discovered the tactical principles that would characterize his lifework writing between the lines a faith based critique of rationalism the deliberate secularization of religious language for irreligious purposes and an all or nothing antagonism to middling solutions Especially the latter is distinctive of his Zionist writings in the 1920s where Strauss engaged in an ongoing polemic against Cultural Zionism attacking it first from an orthodox and then from an atheist's perspective In his last Zionist article 1929 Strauss mentions the Machiavellian Zionism of a Nordau that would not fear to use the traditional hope for a Messiah as dynamite By the time of his change of orientation National Socialism was being led by a nihilistic Messiah while Strauss had already radicalized Schmitt's political theology and Heidegger's deconstruction of the ontological Tradition Central to Strauss's advance beyond the smartest Nazis is his Second Cave in which he claimed modern thought is imprisoned only by escaping Revelation can we recover natural ignorance By using pseudo Platonic imagery to illustrate what anti Semites called Jewification Strauss attempted to annihilate the common ground celebrated by Hermann Cohen between Judaism and Platonism Unlike those who attacked Plato for devaluing nature at the expense of the transcendent Idea the migr Strauss effectively employed a new Plato who was no more a Platonist than Nietzsche or

Heidegger had been Central to Strauss's Platonic political philosophy is the mysterious protagonist of Plato's Laws whom Strauss accurately recognized as the kind of Socrates whose fear of death would have caused him to flee the hemlock Any reader who recognizes the unbridgeable gap between the real Socrates and Plato's Athenian Stranger will understand why the German Stranger is the principal theoretician of an atheistic re-enactment of religion of which genus National Socialism is an ultra-modern species The Communist Review, 1923 *A professor of alchemy, Denis Zachaire, by Percy Ross* Lilian Duff, 1887 The Ocean of Story Somadeva Bhaṭṭa, 1924 **The Doom of Dogma and the Dawn of Truth** Henry Frank, 1901 **A Professor of Alchemy** Percy Ross, 1887 **Revolt Against Modernity** Ted V.
