The Declaration Of Independence A Study In The History Of Political Ideas:

The Declaration of independence; a study in the history of political ideas, by Carl Becker... Carl Lotus Becker,

The Declaration of Independence Carl Lotus Becker, 2017 In this long essay Becker analyzed the structure drafting and philosophy of the Declaration He recognizes that it was not intended as an objective historical statement of the causes of the Revolution but merely furnished a moral and legal justification for rebellion Step by step the colonists modified their theory to suit their needs Whenever men become sufficiently dissatisfied with the existing regime of positive law and custom they will be found reaching out beyond it for the rational basis of what they conceive ought to be This is what the Americans did in their controversy with Great Britain

The Declaration of Independence Carl Lotus Becker, 1956 **The Declaration of Independence A Study In The History of Political Ideas** Carl Becker, 2011-10-12 It is often forgotten that the document which we know as the Declaration of Independence is not the official act by which the Continental Congress voted in favor of separation from Great Britain June 7 1776 Richard Henry Lee on behalf of the Virginia delegation submitted to the Continental Congress three resolutions of which the first declared that these United Colonies are and of right ought to be free and independent States that they are absolved from all allegiance to the British Crown and that all political connection between them and the State of Great Britain is and ought to be totally dissolved
