Henry VIII was in France During that time the English won the Battle of Flodden an event in which Catherine played an important part By 1525 Henry VIII was infatuated with Anne Boleyn and dissatisfied that his marriage to Catherine had produced no surviving sons leaving their daughter the future Mary I of England as heiress presumptive at a time when there was no established precedent for a woman on the throne He sought to have their marriage annulled setting in motion a chain of events that led to England's schism with the Catholic Church When Pope Clement VII refused to annul the marriage Henry defied him by assuming supremacy over religious matters In 1533 their marriage was declared invalid and Henry married Anne on the judgement of clergy in England without reference to the Pope Catherine refused to accept Henry as Supreme Head of the Church of England and considered herself the King's rightful wife and queen attracting much popular sympathy Despite this she was acknowledged only as Dowager Princess of Wales by Henry After being banished from court she lived out the remainder of her life at Kimbolton Castle and died there on 7 January 1536 Catherine's English subjects held her in high esteem and her death set off tremendous mourning among the English people The controversial book *The Education of Christian Women* by Juan Luis Vives which claimed women have the right to an education was commissioned by and dedicated to her Such was Catherine's impression on people that even her enemy Thomas Cromwell said of her If not for her sex she could have defied all the heroes of History She successfully appealed for the lives of the rebels involved in the Evil May Day for the sake of their families Catherine also won widespread admiration by starting an extensive program for the relief of the poor She was a patron of Renaissance humanism and a friend of the great scholars Erasmus of Rotterdam and Thomas More
