**Big or Smart Data? Recent trends in Data Science for sales and marketing** Julia Ertel,2022-05-09 Bachelor Thesis from the year 2021 in the subject Business economics Miscellaneous grade 1 0 Pforzheim University language English abstract Big data is getting larger the pressure in the market to use the existing data is getting stronger and therefore also the number of companies that address the topic of data science increases This dissertation focuses on identifying big or smart data science trends in marketing and sales within the consumer packaged goods industry The objective of this research is to address actual opportunities around data science for the selected focus area The following research project analyzes those opportunities and identifies nine data science trends Via in depth interviews the expert s experiences and difficulties with data science are questioned emotions that arise through the interaction with this science are recognized and potentials for improvements are discussed Subsequently central meaningful quotations are analyzed with Mayring s

qualitative content analysis reformulated into condensed codes and summarized through eighteen overarching categories. The general findings of this analysis include the necessity of smart data insights within this low margin industry the dependence on consultancy support due to knowledge gaps expandable engagement in the B2B environment the promotion of data thinking and acting the merge of sales and marketing for data science knowledge generations and the extension of data science knowledge to maintain competitive advantage within the market for the long run. The improvement proposals consist mainly of automated data cleaning intelligent algorithms data handling knowledge development data democracy and knowledge combinations in form of project dependent focus teams to broaden data science applications within the industry.

**Trade Policy Review**, 2020    Essentials of Marketing Analytics, 1e Joseph F. Hair (Jr.), Dana E. Harrison, Haya Ajjan, 2021. We developed this new book with enthusiasm and great optimism. Marketing analytics is an exciting field to study and there are numerous emerging opportunities for students at the undergraduate level and particularly at the master's level. We live in a global highly competitive rapidly changing world that is increasingly influenced by digital data expanded analytical capabilities information technology social media artificial intelligence and many other recent developments. We believe this book will become the premier source for new and essential knowledge in data analytics particularly for situations related to marketing decision making that can benefit from marketing analytics which is likely 80 percent of all challenges faced by organizations.    **The Times Index**, 2010. House of Commons, 2012    **Wallaces Farmer**, 2024-07    Ditch the Act: Reveal the Surprising Power of the Real You for Greater Success Leonard Kim, Ryan Foland, 2019-10-25. Be human. It's the only way to get ahead in business today. Competition today is fiercer than ever. It seems that every job candidate is flashing a world class resume and every business competitor is the absolute best at what they do. Don't be fooled. People exaggerate. And don't be discouraged. By revealing stories of failures, setbacks and personal flaws without shame or fear, you exhibit greater self-confidence than your competition. You cultivate connections with serious, smart people and you build loyalty that lasts. Ditch the Act shows how to present your humanness imperfect and flawed but honest, resilient and willing to learn in strategic ways to achieve clear defined goals. It provides an actionable program for building an authentic, long-lasting personal brand explaining why exposure is important and how it cultivates more durable connections than any polished persona can. By creating a personal brand that's honest and authentic and that reveals personal struggles, you'll build stronger, longer-lasting relationships and achieve greater success. Careers and businesses based on authenticity and truth aren't just more rewarding than those founded on hyperbole and the hard sell. Because they're founded on durable, robust relationships, they're rock solid and better withstand business uncertainty and tough times. Ditch the act, be real and jump ahead of the competition before they even know you are there.    **PC Magazine**, 1986.
