*ReCulturing: Design Your Company Culture to Connect with Strategy and Purpose for Lasting Success* Melissa Daimler, 2022-05-10 Leverage the power of systems thinking to clarify your purpose build your strategy and design your culture It's no secret that culture is key to attracting and engaging top talent But the vast majority of culture efforts fail as quickly as they started Why Because leaders are creating and communicating organizational values but they're failing to

connect those values to their behaviors processes and practices of the organization ReCulturing is the playbook for building a business in which employees are clear on the why what and how they are working ReCulturing is not a one time change effort because culture is not something we ultimately have but rather something we do One of today s most renowned thought leaders and practitioners on the issue Melissa Daimler provides a modern definition of culture that is more of a verb than a noun Culture needs to be reviewed consistently just like strategy and purpose Focusing on these three areas leads to higher performance and engagement In the pages of this book you ll learn A powerful framework for designing and evolving organizational culture that goes beyond values to also include behaviors processes and practices How to embed behaviors into core people processes like hiring onboarding talent managing offboarding strategizing and decision making How to integrate why you work what you do and how you do it into an employee experience Why it s crucial to make sure a company s practices evolve as the company changes The book also features illuminating real life stories recounting what has and hasn t worked at some of today s largest and most influential companies Whether you re launching a startup running a global firm or overseeing the shift to a hybrid work setting ReCulturing provides everything you need to the kind of culture that drives long term business success      *Standards for Critical Care* ,1988
