**Social Media in Higher Education** Heather T. Rowan-Kenyon, Ana M. Martínez Alemán, 2016-09-14 Social media is central to postsecondary education. It is how students engage with the campus community and campus leaders and practitioners are interested in how an institution can employ social media to impact instruction, student services, and institutional effectiveness in an increasingly competitive market. This volume presents the current research and scholarship on social media that provides a view of the higher education landscape in this new digital age and it demonstrates how social media influence behavior and campus culture. Drawing on a critical synthesis and analysis from recent research on this rapidly evolving phenomenon, this monograph examines some of the assumptions and presumptions around social media: how social media is used and how it shapes the student experience and student development and best practices for enhancing curricular and co-curricular communities of practice. This is the 5th issue of the 42nd volume of the Jossey-Bass series *ASHE Higher Education Report*. Each monograph is the definitive analysis of a tough higher education issue based on thorough research of pertinent literature and institutional experiences. Topics are identified by a national survey. Noted practitioners and scholars are then commissioned to write the reports with experts providing critical reviews of each manuscript before publication. *Washington Information Directory 2023-2024* CQ Press, 2023-11-21 The Washington Information Directory (WID) is a topically organized reference resource that lists contact information for federal agencies and nongovernmental organizations in the Washington metro area along with a brief paragraph describing what each organization does related to that topic. In addition, WID pulls together 55 organization charts for federal agencies, congressional resources related to each chapter topic, hotline and contact information for various specific areas of interest from Food Safety Resources to internships in Washington, and an extensive list of active congressional caucuses and contact details. WID has two appendices: one with thorough information on congresspersons and committees and the second with governors and embassies. *Washington Information Directory 2022-2023* CQ Press, 2022-08-30 The Washington Information Directory (WID) is a directory with a unique profile: it is topically organized and within the taxonomic structure, the relevant organizations are listed not only with contact information but with a brief paragraph describing what the organization, whether government or non-governmental, does related to that topic. It focuses on Washington in order to be listed; an organization must have an office in the Washington metropolitan area. These descriptions are not boilerplate advertising material from the organizations; rather, they are hand-crafted by a talented freelance research team.
